FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.502 sets out the procedures for pharmaceutical benefits.
3. 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
4. 28 Texas Administrative Code §134.540 sets out the closed formulary requirements for claims subject to certified networks.
5. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
- W3 - Additional payment made on appeal/reconsideration

Compound drugs considered experimental preauthorization required

Issues

1. Is Amerisure Insurance Co's reason for denial of payment supported?
2. Did Amerisure Insurance Co raise a new defense pursuant to 28 Texas Administrative Code §133.307?
3. Is Memorial Compounding Pharmacy (Memorial) entitled to reimbursement for the compound in question?

Findings

1. Memorial is seeking reimbursement of \$583.89 for drugs dispensed on April 12, 2018. Amerisure Insurance Co denied the disputed compound with claim adjustment reason code W3 – "Additional payment made on appeal/reconsideration (Compound drugs considered experimental preauthorization required)."

28 Texas Administrative Code §134.540(b) states that preauthorization is **only** required for:

- drugs identified with a status of "N" in the current edition of the *ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary*, and any updates;
- any compound that contains a drug identified with a status of "N" in the current edition of the *ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary*, and any updates; and
- any investigational or experimental drug for which there is early, developing scientific or clinical evidence demonstrating the potential efficacy of the treatment, but which is not yet broadly accepted as the prevailing standard of care as defined in Labor Code §413.014(a).

The division finds that the compound in question does not include a drug identified with a status of "N" in the current edition of the ODG, *Appendix A*. Amerisure Insurance Co failed to articulate any arguments to support its denial for preauthorization. Therefore, the division concludes that the compound in question did not require preauthorization and Amerisure Insurance Co's denial of payment for this reason is not supported. Therefore, the disputed compound will be reviewed for reimbursement.

2. In its position statement, Amerisure Insurance argued, "In conclusion, the Carriers position is that the medications requested were not for the compensable sprain/strain injury but rather his unrelated complaints."

28 Texas Administrative Code §133.307(d)(2)(F) states, in relevant part, "The response shall address only those denial reasons presented to the requestor prior to the date the request for MFDR was filed with the division and the other party. Any new denial reasons or defenses raised shall not be considered in the review."

Review of the submitted documentation finds that Amerisure Insurance failed to present a extent of injury denial to Memorial in accordance with 28 Texas Administrative Code §133.240 prior to the date the request for medical fee dispute resolution (MFDR) was filed. The division concludes that this defense presented in Amerisure Insurance's position statement shall not be considered for review because this assertion constitutes a new defense pursuant to 28 Texas Administrative Code §133.307(d)(2)(F).

3. 28 Texas Administrative Code §134.503 applies to the compounds in dispute and states, in pertinent part:
 - (c) The insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of:
 - (1) the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:
 - (A) Generic drugs: $((\text{AWP per unit}) \times (\text{number of units}) \times 1.25) + \4.00 dispensing fee per prescription = reimbursement amount;
 - (B) Brand name drugs: $((\text{AWP per unit}) \times (\text{number of units}) \times 1.09) + \4.00 dispensing fee per prescription = reimbursement amount;
 - (C) When compounding, a single compounding fee of \$15 per prescription shall be added to the calculated total for either paragraph (1)(A) or (B) of this subsection; or

- (2) notwithstanding §133.20(e)(1) of this title (relating to Medical Bill Submission by Health Care Provider), the amount billed to the insurance carrier by the:
- (A) health care provider; or
 - (B) pharmacy processing agent only if the health care provider has not previously billed the insurance carrier for the prescription drug and the pharmacy processing agent is billing on behalf of the health care provider.

The compound in dispute was billed by listing each drug included in the compound and calculating the charge for each drug separately as required by 28 Texas Administrative Code §134.502(d)(2). Each ingredient is listed below with its corresponding reimbursement amount as applicable.

Drug	NDC	Generic(G) /Brand(B)	Price /Unit	Units Billed	AWP Formula	Billed Amt	Lesser of AWP and Billed
Flurbiprofen	38779036209	G	\$36.58	6	\$274.35	\$219.48	\$219.48
Meloxicam	38779274601	G	\$194.67	0.18	\$43.80	\$35.04	\$35.04
Mefenamic Acid	38779066906	G	\$123.60	1.8	\$278.10	\$222.48	\$222.48
Baclofen	38779038809	G	\$35.63	3	\$133.61	\$106.89	\$106.89
						Total	\$583.89

The total reimbursement is therefore \$583.89. This amount is recommended.

Conclusion

The outcome of this medical fee dispute relied upon the evidence presented by the requestor and the respondent at the time of adjudication. Though all the evidence may not have been discussed, it was considered. For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$583.89.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$583.89, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
