FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.502 sets out the procedures for pharmaceutical benefits.
3. 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
4. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - 3 – Services denied at the time authorization/precertification was requested

Issues

1. Did the insurance carrier raise a new issue?
2. Is the carrier's reason for denial of payment supported?
3. Is the requestor entitled to reimbursement for the compound in question?

Findings

1. The requestor is seeking reimbursement of \$702.68 for a compound dispensed March 14, 2018. The carrier denied the disputed compound with claim adjustment reason code 3 – "Services denied at the time authorization/precertification was requested."

28 § TAC 134.307 (F) states in pertinent part,

The response shall address only those denial reasons presented to the requestor prior to the date the request for MFDR was filed with the division and the other party. Any new denial reasons or defenses raised shall not be considered in the review. If the response includes unresolved issues of compensability, extent of injury, liability, or medical necessity, the request for MFDR will be dismissed in accordance with subsection (f)(3)(B) or (C) of this section.

Review of the submitted documentation found insufficient evidence to support the insurance carrier presented the health care provider with a medical necessity prior to the issuance of the request for MFDR. Therefore, this defense will not be considered in this review.

2. For the dates of service in dispute the applicable rule is 28 TAC §134.530(b)(2) which states that preauthorization is **only** required for:
 - drugs identified with a status of "N" in the current edition of the *ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary*, and any updates;
 - any compound that contains a drug identified with a status of "N" in the current edition of the *ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary*, and any updates; and
 - any investigational or experimental drug for which there is early, developing scientific or clinical evidence demonstrating the potential efficacy of the treatment, but which is not yet broadly accepted as the prevailing standard of care as defined in Labor Code §413.014(a).

DWC finds that the compound rendered on the date of service in question does not include a drug identified with a status of "N" in the current edition of the ODG, *Appendix A*. Therefore, the division concludes that the compound in question did not require preauthorization and the carrier's denial of payment for this reason is not supported. Therefore, the disputed compound will be reviewed for reimbursement.

3. 28 TAC §134.503 applies to the compounds in dispute and states, in pertinent part:
 - (c) The insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of:
 - (1) the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:
 - (A) Generic drugs: $((AWP \text{ per unit}) \times (\text{number of units}) \times 1.25) + \4.00 dispensing fee per prescription = reimbursement amount;
 - (B) Brand name drugs: $((AWP \text{ per unit}) \times (\text{number of units}) \times 1.09) + \4.00 dispensing fee per prescription = reimbursement amount;
 - (C) When compounding, a single compounding fee of \$15 per prescription shall be added to the calculated total for either paragraph (1)(A) or (B) of this subsection; or

The applicable reimbursement is calculated as follows:

Ingredient	NDC	Price/ Unit	Total Units	AWP Formula §134.503(c)(1)	Billed Amt §134.503 (c)(2)	Lesser of (c)(1) and (c)(2)
Baclofen	38779038809	\$35.63	5.4	\$240.50	\$190.78	\$190.78
Amantadine	38779041005	\$24.23	3	\$90.84	\$72.69	\$72.69
Gabapentin	38779246109	\$59.85	3.6	\$269.33	\$204.66	\$204.66
Bupivacaine	38779052405	\$45.60	1.2	\$68.40	\$54.72	\$54.72
Amitriptyline	38779018904	\$18.24	1.8	\$41.04	\$32.83	\$32.83
Ethoxyg Diglycol	38779190301	\$0.34	4.2	\$1.80	\$1.44	\$1.44
Versapro Cream	38779252903	\$3.20	40.8	\$142.31	.130.56	\$130.56
Compounding Fee	NA	\$15.00	1	\$15.00	\$15.00	\$15.00
					Total	\$702.68

The total reimbursement is \$702.68. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$702.68.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), DWC has determined the requestor is entitled to additional reimbursement for the disputed services. DWC hereby ORDERS the respondent to remit to the requestor \$702.68, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
