FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.502 sets out the procedures for pharmaceutical benefits.
3. 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
4. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
• 197 - "Precertification/authorization/notification absent"

**Issues**

1. Did the respondent raise a new issue?
2. Is the insurance carrier’s reason for denial of payment supported?
3. Is the requestor entitled to reimbursement for the compound in question?

**Findings**

1. The respondent stated in their position, “An Adverse Determination is Not Required for Determination of Investigational or Experimental Status.”

28 TAC 133.307 (d) (2) (F) states in pertinent part,

The response shall address only those denial reasons presented to the requestor prior to the date the request for MFDR was filed with the division and the other party. Any new denial reasons or defenses raised shall not be considered in the review.

Review of the submitted documentation found insufficient evidence to support the insurance carrier made a denial based on adverse determination or Investigational or Experimental. Based on the above the insurance carrier’s position will not be considered.

2. The requestor is seeking reimbursement of \$566.53 for a compound dispensed January 19, 2018. The carrier denied the disputed compound with denial 197 – “Precertification/authorization/notification absent.”

For the dates of service in dispute the applicable rule is 28 TAC §134.530(b)(2) which states that preauthorization is **only** required for:

- drugs identified with a status of “N” in the current edition of the *ODG Treatment in Workers’ Comp (ODG) / Appendix A, ODG Workers’ Compensation Drug Formulary*, and any updates;
- any compound that contains a drug identified with a status of "N" in the current edition of the *ODG Treatment in Workers’ Comp (ODG) / Appendix A, ODG Workers’ Compensation Drug Formulary*, and any updates; and
- any investigational or experimental drug for which there is early, developing scientific or clinical evidence demonstrating the potential efficacy of the treatment, but which is not yet broadly accepted as the prevailing standard of care as defined in Labor Code §413.014(a).

DWC finds that the compound rendered on the date of service in question does not include a drug identified with a status of “N” in the current edition of the ODG, *Appendix A*. Therefore, DWC concludes that the compound in question did not require preauthorization and the carrier’s denial of payment for this reason is not supported. Therefore, the disputed compound will be reviewed for reimbursement.

3. 28 TAC §134.503 applies to the compounds in dispute and states, in pertinent part:

(c) The insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of:

(1) the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:

(A) Generic drugs:  $((AWP \text{ per unit}) \times (\text{number of units}) \times 1.25) + \$4.00$  dispensing fee per prescription = reimbursement amount;

Ingredient	NDC	Price/Unit	Total Units	AWP Formula §134.503(c)(1)	Billed Amt §134.503 (c)(2)	Lesser of (c)(1) and (c)(2)
Meloxicam	38779274601	\$194.67	0.18	\$43.80	\$35.04	\$35.04
Flurbiprofen	38779036209	\$36.58	4.8	\$219.48	\$175.48	\$175.48
Tramadol HCL	38779237409	\$36.30	6	\$272.25	\$217.80	\$217.80
Cyclobenzaprine	38779039509	\$46.33	1.8	\$104.25	\$83.39	\$83.39
Bupivacaine	38779052405	\$45.60	1.2	\$68.40	\$54.72	\$54.72
Total						\$566.53

The total reimbursement is \$566.53. This amount is recommended.

**Conclusion**

For the reasons stated above, DWC finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$566.53.

**ORDER**

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), DWC has determined the requestor is entitled to additional reimbursement for the disputed services. DWC hereby ORDERS the respondent to remit to the requestor \$566.53, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
