### FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

**Background**

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
- 28 Texas Administrative Code §134.530 sets out prior authorization requirement for pharmacy services.
- The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
  - 75 – Prior authorization required to process this bill

## Issues

1. Is the insurance carrier's reason for denial of payment supported?
2. Is the requestor entitled to reimbursement for the compound in question?

## Findings

The Austin carrier representative for Old Republic Insurance Co is White Espey who acknowledged receipt of medical fee dispute on October 11, 2018. 28 Texas Administrative Code §133.307 states, in relevant part:

- (d) Responses. Responses to a request for MFDR shall be legible and submitted to the division and to the requestor in the form and manner prescribed by the division.
- (1) Timeliness. The response will be deemed timely if received by the division via mail service, personal delivery, or facsimile **within 14 calendar days after the date the respondent received the copy of the requestor's dispute** [emphasis added]. If the division does not receive the response information within 14 calendar days of the dispute notification, then the division may base its decision on the available information.

Review of the documentation finds that no response has been received on behalf of insurance carrier by the carrier representative. The division concludes that the insurance carrier failed to respond within the timeframe required by §133.307(d)(1). The division will base its decision on the information available.

1. The requestor is seeking reimbursement of \$702.68 for a compound dispensed January 29, 2018. The carrier denied the disputed compound with claim adjustment reason code HE75 – “Prior required to process this bill.”

For the dates of service in dispute the applicable rule is 28 Texas Administrative Code §134.530(b)(1)(A) which states that preauthorization is **only** required for:

- drugs identified with a status of “N” in the current edition of the *ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary*, and any updates;
- any compound that contains a drug identified with a status of "N" in the current edition of the *ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary*, and any updates; and
- any investigational or experimental drug for which there is early, developing scientific or clinical evidence demonstrating the potential efficacy of the treatment, but which is not yet broadly accepted as the prevailing standard of care as defined in Labor Code §413.014(a).

The division finds that the compound rendered on the date of service in question does not include a drug identified with a status of “N” in the current edition of the ODG, *Appendix A*.

The compound in question did not require preauthorization. The carrier's denial is not supported. The disputed compound will be reviewed for reimbursement.

2. 28 Texas Administrative Code §134.503 (c) applies to the compounds in dispute and states, in pertinent part:

- (c) The insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of:
- (1) the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:
    - (A) Generic drugs:  $((\text{AWP per unit}) \times (\text{number of units}) \times 1.25) + \$4.00$  dispensing fee per prescription = reimbursement amount;
    - (B) Brand name drugs:  $((\text{AWP per unit}) \times (\text{number of units}) \times 1.09) + \$4.00$  dispensing fee per prescription = reimbursement amount;
    - (C) When compounding, a single compounding fee of \$15 per prescription shall be added to the calculated total for either paragraph (1)(A) or (B) of this subsection; or

The total reimbursement is \$702.68. This amount is recommended.

**Conclusion**

The outcome of each independent medical fee dispute relies upon the relevant evidence presented by the requestor and the respondent at the time of adjudication. Though all the evidence in this dispute may not have been discussed, it was considered.

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$702.68.

***ORDER***

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services.
