FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.502 sets out the procedures for pharmaceutical benefits.
- 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
- 28 Texas Administrative Code §134.530 sets out the closed formulary requirements for claims not subject to certified networks.
- The insurance carrier denied payment based on the absence of preauthorization.

Issues

1. Is the insurance carrier's reason for denial of payment supported?
2. Is Memorial Compounding Pharmacy (Memorial) entitled to reimbursement for the compound in question?

Findings

1. Memorial is seeking reimbursement for a compound dispensed on January 11, 2018. The insurance carrier denied the disputed compound based on preauthorization. Preauthorization is only required for:
 - drugs identified with a status of "N" in the current edition of the ODG Appendix A¹;
 - any compound that contains a drug identified with a status of "N" in the current edition of the ODG Appendix A; and
 - any investigational or experimental drug.²

The compound in question does not contain an ingredient identified with a status of "N" in the current edition of the ODG, Appendix A.

Brian J. Judis, on behalf of the insurance carrier, argued that "Compound medications constitute a new, non-approved and non-recognized drug and is considered investigational/experimental."

The determination of a service's investigational or experimental nature is determined on a case by case basis through utilization review.³ Utilization review, includes a prospective, concurrent, or **retrospective review to determine the experimental or investigational nature** of health care services.⁴

Brian J. Judis provided a document dated December 16, 2016, to support that the specific compound considered in this review is investigational or experimental. This report does not support that the insurance carrier performed a utilization review of the drug in question for the following reasons⁵:

- The document does not indicate or support that the health care provider – in this case, Memorial Compounding Pharmacy – was notified of the utilization review findings, or that Memorial was afforded a reasonable opportunity to discuss the billed compound,
- The document does not include a description for filing a complaint with the Texas Department of Insurance,
- The document itself includes the statement that "this opinion does not constitute a determination for the purposes of utilization review."

Because the insurance carrier failed to perform utilization review on the disputed compound, the requirement for preauthorization based on a premise that the compound is investigational or experimental **is not triggered** in this case. The insurance carrier's preauthorization denial is therefore not supported.

2. Because the insurance carrier failed to sufficiently support its denial of reimbursement, Memorial is entitled to reimbursement.

The compound in dispute was billed by listing each **drug** included in the compound and calculating the charge for each drug separately.⁶ Each ingredient is listed below with its reimbursement amount.⁷ The calculation of the total allowable amount is as follows:

¹ *ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary*

² 28 Texas Administrative Code §134.540(b)

³ Texas Insurance Code §19.2005(b)

⁴ Texas Insurance Code §4201.002(13)

⁵ 28 Texas Administrative Code §19.2009(b)

⁶ 28 Texas Administrative Code §134.502(d)(2)

⁷ 28 Texas Administrative Code §134.503(c)

| Drug | NDC | Generic(G) /Brand(B) | Price /Unit | Units Billed | AWP Formula | Billed Amt | Lesser of AWP and Billed |
|---------------|-------------|-------------------------|-------------|-----------------|----------------|------------|-----------------------------|
| Baclofen | 38779038809 | G | \$35.63 | 5.4 | \$240.50 | \$190.78 | \$190.78 |
| Amantadine | 38779041105 | G | \$24.23 | 3 | \$90.84 | \$72.69 | \$72.69 |
| Gabapentin | 38779246109 | G | \$59.85 | 3.6 | \$269.33 | \$204.66 | \$204.66 |
| Bupivacaine | 38779052405 | G | \$45.60 | 1.2 | \$68.40 | \$54.72 | \$54.72 |
| Amitriptyline | 38779018904 | G | \$18.24 | 1.8 | \$41.04 | \$32.83 | \$32.83 |
| | | | | | | Total | \$555.68 |

The total reimbursement is therefore \$555.68. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$555.68.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$555.68, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
