Findings

This dispute regards physical therapy services performed in an outpatient facility. Such services are not paid under Medicare's Outpatient Prospective Payment System but using Medicare's Physician Fee Schedule. Per DWC's *Hospital Facility Fee Guideline*, Rule §134.403(h), if Medicare reimburses using other fee schedules, DWC guidelines applicable to the code on the date provided are used for payment. DWC *Medical Fee Guideline for Professional Services*, Rule §134.203(c), requires the maximum allowable reimbursement (MAR) be determined by applying Medicare payment policies modified by DWC rules. The Medicare fee is the sum of the geographically-adjusted work, practice expense and malpractice values multiplied by a conversion factor. We substitute DWC's conversion factor to calculate the MAR. The 2018 DWC conversion factor is $58.31.

Per Medicare policy, when more than one unit is billed of therapy services designated by multiple-procedure payment indicator '5', the first unit of the therapy with the highest practice expense for that day is paid in full. Payment is reduced by 50% of the practice expense (PE) for each extra therapy unit performed on that date.

Reimbursement for the disputed services is calculated as follows:

- Procedure code 97140, June 27, 2018, has a Work RVU of 0.43 multiplied by the Work GPCI of 1.012 is 0.43516. The PE RVU of 0.35 multiplied by the PE GPCI of 1.014 is 0.3549. The malpractice RVU of 0.01 multiplied by the malpractice GPCI of 0.768 is 0.00768. The sum is 0.79774 multiplied by the DWC conversion factor of $58.31 for a MAR of $46.52. For each extra therapy unit after the first unit of the code with the highest practice expense (PE), payment is reduced by 50% of the PE. The PE for this code is not the highest. The PE reduced rate is $36.17.
- Procedure code 97140, June 29, 2018, has a Work RVU of 0.43 multiplied by the Work GPCI of 1.012 is 0.43516. The practice expense RVU of 0.35 multiplied by the PE GPCI of 1.014 is 0.3549. The malpractice RVU of 0.01 multiplied by the malpractice GPCI of 0.768 is 0.00768. The sum is 0.79774 multiplied by the DWC conversion factor of $58.31 for a MAR of $46.52. For each extra therapy unit after the first, payment is reduced by 50% of the practice expense (PE). The PE for this code is not the highest. The PE reduced rate is $36.17.

The total allowable reimbursement for the disputed services is $72.34. The insurance carrier paid $72.34. The amount due is $0.00. Additional payment is not recommended.

Conclusion

For the reasons stated above, the division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is $0.00.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031, the division hereby determines the requestor is entitled to $0.00 additional reimbursement for the services in dispute.
