FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 1. 28 Texas Administrative Code §133.305, sets out the procedures for resolving medical fee disputes.
2. The services in dispute were reduced/denied by the respondent with the following reason codes:
• 27 – Expenses incurred after coverage terminated

Issues

- 1. Has the compensability issue been resolved?
2. Is the requestor entitled to reimbursement?

Findings

- 1. 28 Texas Administrative Code §133.305(a)(4) defines a medical fee dispute as a dispute that involves an amount of payment for non-network health care rendered to an injured employee (employee) that has been determined to be medically necessary and appropriate for treatment of that employee’s compensable injury. 28 Texas Administrative Code §133.305(b) requires that “If a dispute regarding compensability, extent of injury, liability, or medical necessity exists for the same service for which there is a medical fee dispute, the disputes regarding compensability, extent of injury, liability or medical necessity shall be resolved prior to the submission of a medical fee dispute for the same services in accordance with Labor Code §413.031 and 408.021.”

The services in dispute were denied, due to an unresolved compensability issue. The disputed issue involved whether the claimant sustained a compensable injury on [REDACTED]. A Contested Case Hearing (CCH) was held on June 7, 2018. The division concludes that the claimant did not sustain damage or harm to the physical structure of his body while in the course and scope of his employment on [REDACTED].

- 2. Review of the documentation submitted indicates that the provider billed for its services under date of injury, [REDACTED]. The services in dispute were rendered for an injury which was determined non-compensable according to the CCH outcome rendered on June 7, 2018. The requestor rendered health care to this injured employee for the non-compensable date of injury of [REDACTED]; therefore, no reimbursement can be recommended for the services in dispute.

Conclusion

For the reasons stated above, the division finds that the requestor has not established that reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
