FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.404 sets out the acute care hospital fee guideline for inpatient services.
- The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - P12 – Workers' compensation state fee schedule adj

Issues

1. What is the recommended payment for the services in dispute?
2. Is the requestor entitled to additional reimbursement?

Findings

1. The insurance carrier reduced the claim with adjustment reason code P12 – “Workers’ Compensation State Fee Schedule Adj.” Reimbursement is subject to the provisions of 28 TAC §134.404(f), which states:

The reimbursement calculation used for establishing the MAR [maximum allowable reimbursement] shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Inpatient Prospective Payment System (IPPS) reimbursement formula and factors as published annually in the Federal Register. The following minimal modifications shall be applied.

- (1) The sum of the Medicare facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by:
 - (A) 143 percent; unless
 - (B) a facility or surgical implant provider requests separate reimbursement in accordance with subsection (g) of this section, in which case the facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by 108 percent.

No documentation was found to support that the facility requested separate reimbursement for implantables; for that reason, the MAR is calculated according to §134.404(f)(1)(A).

2. The Medicare PC Pricer is found at <https://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/PCPricer/index.html>. Review of the submitted medical bill finds that the DRG code assigned to the services in dispute is 482. The services were provided at Texas Health Kaufman. Based on the submitted DRG code, the service location, and bill-specific information, the Medicare facility specific amount per the 2018 IPPS Pricer is \$11,842.91. This amount multiplied by 143% results in a MAR of \$16,935.36.

The total recommended payment for the services in dispute is \$16,935.36. The insurance carrier previously paid \$15,591.90. The requestor is seeking \$16.71. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$16.71.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$16.71 plus applicable accrued interest per 28 Texas Administrative Code §134.130 due within 30 days of receipt of this Order.
