FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.502 sets out the procedures for pharmaceutical benefits.
3. 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
4. 28 Texas Administrative Code §134.530 sets out the closed formulary requirements for claims not subject to certified networks.
5. The insurance carrier denied payment based on the absence of preauthorization.

Issues

1. Is the insurance carrier's reason for denial of payment supported?
2. Is Memorial Compounding Pharmacy (Memorial) entitled to reimbursement for the compound in question?

Findings

1. Memorial is seeking reimbursement for a compound dispensed on June 28, 2018. The insurance carrier denied the disputed compound based on preauthorization. Preauthorization is only required for:
 - drugs identified with a status of "N" in the current edition of the ODG Appendix A¹;
 - any compound that contains a drug identified with a status of "N" in the current edition of the ODG Appendix A; and
 - any investigational or experimental drug.²

The compound in question does not contain an ingredient identified with a status of "N" in the current edition of the ODG, Appendix A.

The determination of a service's investigational or experimental nature is determined on a case by case basis through utilization review.³ Gallagher Bassett Services provided no evidence that the insurance carrier engaged in a prospective or retrospective utilization review to establish that the specific compound considered in this review is investigational or experimental.

Because the insurance carrier failed to perform utilization review on the disputed compound, the requirement for preauthorization based on a premise that the compound is investigational or experimental is not triggered in this case. The insurance carrier's preauthorization denial is therefore not supported.

2. Because the insurance carrier failed to sufficiently support its denial of reimbursement, Memorial is entitled to reimbursement.

The compound in dispute was billed by listing each drug included in the compound and calculating the charge for each drug separately.⁴ Each ingredient is listed below with its reimbursement amount.⁵ The calculation of the total allowable amount is as follows:

Drug	NDC	Generic(G) /Brand(B)	Price /Unit	Units Billed	AWP Formula	Billed Amt	Lesser of AWP and Billed
Baclofen	3877903880 9	G	\$35.63	5.4	\$240.50	\$190.78	\$190.78

Compounding Fee	NA	NA	NA	NA	\$15.00	\$15.00	\$15.00
						Total	\$702.68

The total reimbursement is therefore \$702.68. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$702.68.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the DWC has determined the requestor is entitled to additional reimbursement for the disputed services. The DWC hereby ORDERS the respondent to remit to the requestor \$702.68, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
