Background

- 240 - Charge reviewed to multiple procedure ground rules
- 193 - Original payment decision is being maintained. The claim was processed properly the first time
- P12 - Workers compensation jurisdictional fee schedule adjustment

## Issues

## Findings

*Medicare applies an MPPR to the PE payment when more than one unit or procedure is provided to the same patient on the same day, i.e., the MPPR applies to multiple units as well as multiple procedures. Many therapy services are time-based codes, i.e., multiple units may be billed for a single procedure. The MPPR applies to all therapy services furnished to a patient on the same day, regardless of whether the services are provided in one therapy discipline or multiple disciplines, for example, physical therapy, occupational therapy, or speech-language pathology.*

*Full payment is made for the unit or procedure with the highest PE payment.*

*For subsequent units and procedures with dates of service on or after April 1, 2013, furnished to the same patient on the same day, **full payment is made for work and malpractice and 50 percent payment is made for the PE for services** submitted on either professional or institutional claims.*
