**SUMMARY OF FINDINGS**

Dates of Service	Disputed Services	Amount In Dispute	Amount Due
July 12, 2018	Compound Medication	\$566.53	\$0.00

**FINDINGS AND DECISION**

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

**Background**

1. 28 Texas Administrative Codes §§134.530(b)(1)(B) and (C) set out preauthorization requirements for compounds not subject to certified health care networks.
2. 28 Texas Administrative Code §§134.540(b)(2) and (3) set out preauthorization requirements for compounds subject to certified health care networks.
3. The insurance carrier denied the compound in question based on preauthorization.

**Issue**

Is reimbursement due for the service in dispute?

**Findings**

Memorial asserts that preauthorization was not required for the compound in dispute. This compound was dispensed on July 12, 2018. Applicable amended Rule at 28 TAC 134.530[non-network] or 28 TAC 134.540 [network] (b)(1)(C) states, in pertinent part, that preauthorization is **only** required for any prescription drug created through compounding prescribed and dispensed on or after July 1, 2018.

According to the adoption preamble, new section (b)(1)(C) **DOES NOT APPLY** to prescriptions for compounded drugs written before July 1, 2018, and refills for those prescriptions. Therefore, for compounds dispensed on or after July 1, 2018, a copy of the physician’s initial prescription is necessary for the division to make an informed decision about whether preauthorization is required.

On February 11, 2019, the division submitted a request for additional information to Memorial. The request sought “the initial and any subsequent prescription(s) that pertain to the dispensed medications” in dispute. Memorial was given a minimum of 14 days to provide the requested information. Memorial failed to provide the prescription. Therefore, the decision will be based on the information available.

Memorial has failed to provide prescription evidence sufficient to support its assertion that preauthorization was not required. Memorial has therefore failed to meet its burden to prove that reimbursement is due.

**Conclusion**

For the reasons stated above, the division finds that the requestor has not established that reimbursement is due. As a result, the amount ordered is \$0.00.

**ORDER**

Based on the submitted information, pursuant to Texas Labor Code Section 413.031, the division hereby determines the requestor is entitled to \$0.00 additional reimbursement for the services in dispute.
