FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 1. 28 Texas Administrative Code §133.307 (f)(2) authorizes the division to raise issues in the MFDR process as appropriate.
2. 28 Texas Administrative Codes §134.530(b)(1)(B) and (C) set out preauthorization requirements for compounds not subject to certified health care networks.
3. 28 Texas Administrative Code §§134.540(b)(2) and (3) set out preauthorization requirements for compounds subject to certified health care networks.

Issue

Is reimbursement due for the service in dispute?

Findings

The division may raise issues pursuant to 28 TAC §133.307 (f)(2). Such an action is appropriate in this case because of a rule change that specifically pertains to compounded medications dispensed on or after July 1, 2018.

The compound in dispute was dispensed on August 1, 2018. Applicable amended Rule at 28 TAC 134.530 [non-network] or 28 TAC 134.540 [network] state, in pertinent part, that preauthorization is required for any prescription drug created through compounding prescribed and dispensed on or after July 1, 2018.

The new preauthorization requirement **DOES NOT APPLY** to prescriptions for compounded drugs written before July 1, 2018, and refills for those prescriptions. A copy of the physician’s initial prescription is therefore necessary for the division to make an informed decision about whether any compound should be paid. The division requested the initial and any subsequent prescription(s) that pertain to the service in dispute. Memorial was given a minimum of 14 days to provide the requested information. Memorial failed to provide the prescription.

Memorial has failed to provide prescription evidence sufficient to support its assertion that preauthorization was not required for the compound in dispute. Memorial has therefore failed to meet its burden to prove that reimbursement is due.

Conclusion

For the reasons stated above, the division finds that the requestor has not established that reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based on the submitted information, and pursuant to Texas Labor Code Section 413.031, the division hereby determines the requestor is entitled to \$0.00 additional reimbursement for the services in dispute.
