Response Submitted by: The Hartford

SUMMARY OF FINDINGS

Table with 4 columns: Dates of Service, Disputed Services, Amount In Dispute, Amount Due. Row 1: September 26, 2018, Prescribed oral medication, \$129.07, \$89.40

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
3. 28 Texas Administrative Code §134.530 sets out prior authorization requirement for pharmacy services.
4. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
• 75 – Prior authorization required

Issues

1. Is the insurance carrier’s reason for denial of payment supported?
2. Is the requestor entitled to reimbursement for the compound in question?

Findings

1. The requestor is seeking reimbursement for oral medication dispensed September 26, 2018 in the amount of \$129.07. The insurance carrier denied the service based on lack of authorization.

For the dates of service in dispute the applicable rule is 28 Texas Administrative Code §134.530(b)(1)(A) which states that preauthorization is **only** required for:

- drugs identified with a status of “N” in the current edition of the *ODG Treatment in Workers' Comp (ODG) / Appendix A, ODG Workers' Compensation Drug Formulary*, and any updates;

Review of the submitted medical claim and Appendix A found none of the dispensed medication is a “N” drug. The insurance carrier’s denial is not supported. The service in dispute will be reviewed per applicable fee guideline.

2. 28 Texas Administrative Code §134.503 (c) states, in pertinent part:

(c) The insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of:

(1) the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:

(A) Generic drugs: ((AWP per unit) x (number of units) x 1.25) + \$4.00 dispensing fee per prescription = reimbursement amount;

(B) Brand name drugs: ((AWP per unit) x (number of units) x 1.09) + \$4.00 dispensing fee per prescription = reimbursement amount;

Ingredient	NDC	Generic(G) /Brand(B)	Price/ Unit	Units billed	AWP Formula §134.503(c)(1)	Billed Amt \$134.503 (c)(2)	Lesser of (c)(1) and (c)(2)
Naproxen	69097085512	G	\$1.19	60	\$89.40	\$129.07	\$89.40
						Total	\$89.40

The total reimbursement is \$89.40. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$89.40.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$89.40, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
