FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
3. 28 Texas Administrative Codes §§134.530 and 134.540 set out the guidelines for preauthorization of pharmaceutical services.
4. The insurance carrier denied payment for the disputed compound based on preauthorization.

Issues

1. Did Zurich American Insurance Company (Zurich) respond to the medical fee dispute?
2. Is the insurance carrier's reason for denial of payment supported?
3. Is Memorial Compounding Pharmacy (Memorial) entitled to reimbursement for the drug in question?

Findings

1. The Austin carrier representative for Zurich is Flahive Ogden & Latson. Flahive Ogden & Latson acknowledged receipt of the copy of this medical fee dispute on February 12, 2019. Rule §133.307(d)(1) states that if the DWC does not receive the response within 14 calendar days of the dispute notification, then the DWC may base its decision on the available information.

As of today, no response has been received from the carrier or its representative. We therefore base this decision on the information available as authorized under §133.307(d)(1).

2. Memorial is seeking reimbursement for Lyrica 150 mg capsules. Preauthorization is only required for:
 - drugs identified with a status of "N" in the current edition of the ODG Appendix A¹;
 - any prescription drug created through compounding prescribed before July 1, 2018, that contains a drug identified with a status of "N" in the current edition of the ODG Appendix A;
 - any prescription drug created through compounding prescribed and dispensed on or after July 1, 2018; and
 - any investigational or experimental drug.²

The DWC finds that the drug in question is not identified with a status of "N" in the applicable edition of the ODG, *Appendix A*. Therefore, this drug does not require preauthorization.³

The DWC finds that the drug in question does not constitute a compound. Therefore, this drug does not require preauthorization.⁴

The submitted documentation does not support that the disputed drug is experimental or investigational. Therefore, this drug does not require preauthorization.⁵

The DWC concludes that the insurance carrier's denial of payment of the disputed drug based on preauthorization is not supported.

3. Because the insurance carrier failed to support its denial of payment for the disputed drugs, Memorial is entitled to reimbursement.

The reimbursement considered in this dispute is calculated as follows⁶:

- Lyrica 150 mg capsules: $(8.91789 \times 60 \times 1.25) + \$4.00 = \$587.23$

The total reimbursement is therefore \$587.23. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$587.23.

ORDER
