FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.203 sets out the reimbursement guidelines for professional medical services.
3. 28 Texas Administrative Code §134.600 sets out the requirements for prior authorization.
4. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
- 168 - Billed charge is greater than maximum unit value or daily maximum allowance for physical

therapy/physical medicine services

- 119 – Benefit maximum for this time period or occurrence has been reached

Issues

1. Are the insurance carrier's reasons for denial or reduction of payment supported?
2. What is Medicare payment policy?
3. What rule is applicable to reimbursement guidelines?
4. Is the requestor entitled to additional reimbursement?

Findings

1. The requestor is seeking additional reimbursement in the amount of \$374.32 for physical therapy services rendered from October 26, 2018 through November 8, 2018. The carrier denied/reduced the services in dispute as, 168 – "Billed charge is greater than maximum unit value or daily maximum allowance for physical therapy/physical medicine services" and 119 – "Benefit maximum for this time period or occurrence has been reached."

Regarding denial for, "billed charge is greater than maximum allowance."

Review of the October 24, 2018, faxed transmission form Nurse Case Manager finds;

- You are herewith authorized the initial eight (8) PT sessions for (injury). This authorization is valid from 10-24-18 to 12-5-18.

28 TAC §134.600 (I) (2) states in pertinent part,

The insurance carrier shall not withdraw a preauthorization or concurrent utilization review approval once issued. The approval shall include:

- (2) the approved number of health care treatments and specific period of time to complete the treatments;

Based on the above, the Division finds the carrier's denial is not supported as the required prior authorization was requested and received without limiting the number of units per day or benefit period.

2. 28 Texas Administrative Code 134.203 (a) (5) and (b) (1) states in pertinent part,

"Medicare payment policies" when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare.

(b) For coding, billing, reporting, and reimbursement of professional medical services, Texas workers' compensation system participants shall apply the following:

- (1) Medicare payment policies, including its coding; billing; correct coding initiatives (CCI) edits; modifiers;

The Centers for Medicare and Medicaid Claims Processing Manual, Chapter 5, states in applicable section 10.7,

Medicare applies an MPPR to the PE payment when more than one unit or procedure is provided to the same patient on the same day, i.e., the MPPR applies to multiple units as well as multiple procedures. Many therapy services are time-based codes, i.e., multiple units may be billed for a single procedure. The MPPR applies to all therapy services furnished to a patient on the same day, regardless of whether the services are provided in one therapy discipline or multiple disciplines, for example, physical therapy, occupational therapy, or speech-language pathology.

Full payment is made for the unit or procedure with the highest PE payment.

*For subsequent units and procedures with dates of service on or after April 1, 2013, furnished to the same patient on the same day, **full payment is made for work and malpractice and 50 percent payment is made for the PE for services** submitted on either professional or institutional claims.*

The calculation of the multiple payment reduction is shown in the next paragraph.

3. 28 Texas Administrative Code 134.203 (c) states in pertinent part,

To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications.

- (1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is (date of service yearly conversion factor).
