Findings

Is additional reimbursement due?

Memorial Compounding Pharmacy (Memorial) asserts the insurance carrier has not paid for the services in dispute. The respondent presented documentation to support that the insurance carrier issued payment of \$18.70 to Memorial mailed on or about March 18, 2019.

Rule §134.503(c) requires the insurance carrier to reimburse prescription drugs the lesser of: (1) the fee established by formula in the rule based on the average wholesale price (AWP) as reported by nationally recognized pharmaceutical pricing data; or (2) the amount billed.

Memorial requests reimbursement of \$71.92 for the disputed services. The respondent submitted documentation to support payment of \$18.70 to Memorial.

The division notified Memorial of the carrier’s payment and asked the requestor to respond with any additional information pertaining to this dispute. To date, Memorial has not responded. The requestor has the burden at MFDR to support its position that additional reimbursement is due.

Based on the information available at the time of review, additional reimbursement cannot be recommended.

Conclusion

The findings in this decision are based on the information available at the time of review. Even though not all the evidence was discussed, it was considered.

For the reasons stated above, the division concludes the requestor has been paid for the services in dispute. Additional reimbursement is not supported. As a result, the amount ordered is \$0.00.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031, the division hereby determines the requestor is entitled to \$0.00 additional reimbursement for the services in dispute.
