FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.403 sets out the reimbursement guidelines for outpatient hospital services.
3. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
- P12 - Workers' compensation jurisdictional fee schedule adjustment

**Issues**

1. Is the requestor entitled to additional reimbursement?

**Findings**

1. The requestor is seeking additional reimbursement for code 29827 rendered on February 23, 2018 in the amount of \$3,867.04. The insurance carrier indicated the workers compensation fee schedule on their explanation of benefits.

28 Texas Administrative Code §134.403 (f) states,

The reimbursement calculation used for establishing the MAR shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Outpatient Prospective Payment System (OPPS) reimbursement formula and factors as published annually in the *Federal Register*. The following minimal modifications shall be applied.

(1) The sum of the Medicare facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by:

(A) 200 percent; unless

(B) a facility or surgical implant provider requests separate reimbursement in accordance with subsection (g) of this section, in which case the facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by 130 percent.

Review of the UB04 submitted on March 5, 2018 did include a request for separate implant reimbursement. The maximum allowable reimbursement will be calculated per 28 TAC 134.403 (f) (1) (B):

- Procedure code 29827 has status indicator J1, for procedures paid at a comprehensive rate. All covered services on the bill are packaged with the primary "J1" procedure (except those with status F, G, H, L or U; certain inpatient and preventive services; ambulance and mammography). This code is assigned APC 5114. The OPPS Addendum A rate is \$5,606.42, multiplied by 60% for an unadjusted labor amount of \$3,363.85, in turn multiplied by the facility wage index of 0.9756 for an adjusted labor amount of \$3,281.77. The non-labor portion is 40% of the APC rate, or \$2,242.57. The sum of the labor and non-labor portions is \$5,524.34. The Medicare facility specific amount of \$5,524.34 is multiplied by 130% for a MAR of \$7,181.64.

The allowed amount for the service listed on the DWC060 is \$7,181.64. The carrier paid \$7,181.64. No additional payment is due.

**Conclusion**

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

***ORDER***

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services.
