Issues

Is the requestor entitled to additional reimbursement?

Findings

This dispute regards outpatient facility services subject to DWC’s *Hospital Facility Fee Guideline*, Rule §134.403, requiring the maximum allowable reimbursement (MAR) to be the Medicare facility specific amount applying Medicare Outpatient Prospective Payment System (OPPS) formulas and factors published in the Federal Register, as modified by DWC rules. Rule §134.403(f)(1) requires the Medicare facility specific amount and any outlier payment be multiplied by 200% for the disputed facility services.

Medicare assigns an Ambulatory Payment Classification (APC) to OPPS services based on billed procedure codes and supporting documentation. The APC determines the payment rate. Reimbursement for ancillary items and services is packaged with the APC payment. CMS publishes quarterly APC rate updates, available at www.cms.gov.

Reimbursement for the disputed services is calculated as follows:

- Procedure code 49585 has status indicator J1, for procedures paid at a comprehensive rate. All covered services on the bill are packaged with the primary "J1" procedure. This code is assigned APC 5341. The OPPS Addendum A rate is \$2,911.16, multiplied by 60% for an unadjusted labor amount of \$1,746.70, and in turn multiplied by the facility wage index of 0.9736 for an adjusted labor amount of \$1,700.59. The non-labor portion is 40% of the APC rate, or \$1,164.46. The cost of services does not exceed the threshold for outlier payment. The sum of the labor and non-labor portions is the Medicare facility amount of \$2,865.05. This is multiplied by 200% for a MAR of \$5,730.10.
- Payment for all other services on the bill is packaged with the primary comprehensive J1 service per Medicare policy regarding comprehensive APCs. See *Medicare Claims Processing Manual* Chapter 4 §10.2.3 for details.

The total recommended reimbursement for the disputed services is \$5,730.10. The insurance carrier paid \$5,695.16. The requestor is seeking additional reimbursement of \$31.86. This amount is recommended.

Conclusion

For the reasons stated above, the division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$31.86.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$31.86, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
