FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.403 sets out the reimbursement guidelines for outpatient hospital services.
3. 28 Texas Administrative Code §134.203 sets out the reimbursement guidelines for professional medical services.
4. The insurance carrier reduced payment for the disputed services with the following claim adjustment

codes:

- P12 – Workers’ compensation jurisdictional fee schedule adjustment
- 119 – Benefit maximum for this time period or occurrence has been reached
- 163 – The charge for this procedure exceeds the unit value and/or the multiple procedure rules
- 906 – In accordance with clinical based coding edits (National correct coding initiative/outpatient code editor)

### **Issues**

1. Is the carrier’s reduction and denial of payment supported?
2. Is the requestor entitled to additional reimbursement?

### **Findings**

1. The requestor is seeking additional reimbursement for outpatient therapy services performed from October 2 – 15, 2018. The insurance carrier limited the number of units based on “benefit maximum.”

Review of the submitted documentation found insufficient evidence to support the basis of the “benefit maximum.” This denial will not be considered in this review.

The reduction of the allowable based on the multiple procedure rules and denial based on CCI edits are applicable to 28 TAC §134.403 (d)

For coding, billing, reporting, and reimbursement of health care covered in this section, Texas workers' compensation system participants shall apply Medicare payment policies in effect on the date a service is provided

Review of the CCI edits, <https://www.cms.gov/Medicare/Coding/NationalCorrectCodInitEd/index.html>, found an edit exists between 97530 and 97140. The carrier’s denial for dates of service October 11 and 15, 2018 of code 97530 is supported. No additional payment is recommended.

The application of the Medicare Multiple Procedure Payment Reduction (MPPR) may be found in the CMS Claims Processing Manual 100-04, Chapter 5, section 10.7 at [www.cms.gov](http://www.cms.gov). The MPPR policy was used in the calculation of the maximum allowable reimbursement shown below.

2. 28 TAC §134.403 (f) and (h) determine the reimbursement of the remaining services in dispute and states,
  - (f) The reimbursement calculation used for establishing the MAR shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Outpatient Prospective Payment System (OPPS) reimbursement formula and factors as published annually in the Federal Register.
  - (h) For medical services provided in an outpatient acute care hospital, but not addressed in the Medicare payment policies as outlined in subsections (f)(1) or (f)(2) of this section, and for which Medicare reimburses using other Medicare fee schedules, reimbursement shall be made using the applicable Division Fee Guideline in effect for that service on the date the service was provided.

The OPPS reimbursement formula factors are found at <https://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/HospitalOutpatientPPS/Addendum-A-and-Addendum-B-Updates.html>. The specific factor is the Status Indicators. The status indicator for each of the HCPCS code listed on the DWC060 have an “A” status indicator which is defined as, “Not paid under OPPS. Paid by MACs under a fee schedule or payment system other than OPPS.”

Based on the requirements of 28 Texas Administrative Code §134.403 (h) the applicable Division fee guideline is found in 28 Texas Administrative Code §134.203 (c) (1) which states,

To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications.

(1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is (date of service yearly conversion factor).

The MAR is calculated by the DWC Conversion Factor of 58.31/Medicare Conversion Factor 35.9996 multiplied by the Medicare allowable. **To ensure the appropriate application of the MPPR reductions all allowed services billed for each date will be calculated.** The calculation is as follows:

- Procedure code 97110 billed October 2, 2018 has a PE of 0.4 the highest for this date and will be paid at the full allowable of \$31.05.  $58.31/35.9996 \times \$31.05 = \$50.29$
- Procedure code 97110 billed October 4, 2018 for two units has a PE of 0.4 the highest for this date. The first unit will be paid at the full allowable of \$31.05. The second unit will be paid at the reduced rate of \$23.95.  $58.31/35.9996 \times \$31.05 = \$50.29$   $58.31/35.996 \times \$23.95 = \$38.79$ .  $\$50.29 + \$38.79 = \$89.08$
- Procedure code 97110 billed October 11, 2018 for two units has a PE of 0.4 the highest for this date. The first unit will be paid at the full allowable of \$31.05. The second unit will be paid at the reduced rate of \$23.95.  $58.31/35.9996 \times \$31.05 = \$50.29$   $58.31/35.996 \times \$23.95 = \$38.79$ .  $\$50.29 + \$38.79 = \$89.08$
- Procedure code 97140 billed October 2, 2018 for two units has a PE of 0.35 not the highest for this date of service and will be paid at the reduced rate of \$22.07.  $58.31/35.9996 \times \$22.07 \times 2 = \$71.50$
- Procedure code 97140 billed October 4, 2018 for two units has a PE of 0.35 not the highest for this date of service and will be paid at the reduced rate of \$22.07.  $58.31/35.9996 \times \$22.07 \times 2 = \$71.50$
- Procedure code 97140 billed October 11, 2018 has a PE of 0.35 not the highest for this date and will be paid at the reduced rate of \$22.07.  $58.31/35.9996 \times \$22.07 = \$35.75$
- Procedure code 97140 billed October 15, 2018 for two units has a PE of 0.35 the highest for this date of service. The first unit will be paid at the full allowable of \$28.28. The second unit will be paid at the reduced rate of \$22.07.  $58.31/35.9996 \times \$28.28 = \$45.81$ .  $58.31/35.9996 \times \$22.07 = \$35.75$ .  $\$45.81 + \$35.75 = \$81.56$

The total allowable reimbursement for the services in dispute is \$488.76. The carrier paid \$488.76. No additional payment is recommended.

### **Conclusion**

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

### ***ORDER***

Based on the submitted information, pursuant to Texas Labor Code Section 413.031, the division hereby determines the requestor is entitled to \$0.00 additional reimbursement for the services in dispute.
