FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all-applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.305, sets out the procedures for resolving medical disputes.
2. 28 Texas Insurance Code Chapter 1305 applicable to Health Care Certified Networks.
3. 28 Texas Administrative Code §§10.120 through 10.122 address the submission of a complaint by a health care facility to the Health Care Network.

Issues

1. Did the in-network healthcare facility render services to an in-network injured employee?
2. Is the requestor eligible for medical fee dispute resolution pursuant to 28 Texas Administrative Code §133.305?
3. What may be the appropriate administrative remedy to address fee matters related to health care certified networks?

Findings

1. The requestor billed for Outpatient Facility Charges rendered on September 5, 2018 through September 28, 2018 to an injured employee enrolled in a certified healthcare network. The requestor seeks a decision from the Division's medical fee dispute resolution (MFDR) section. The Division finds that the disputed services were rendered by an in-network healthcare facility to an in-network injured employee.

28 Texas Administrative Code §133.305 (a) (4) defines a medical fee dispute as "A dispute that involves an amount of payment for **non-network** health care rendered to an injured employee that has been determined to be medically necessary and appropriate for treatment of that injured employee's compensable injury. The dispute is resolved by the Division pursuant to Division rules, including §133.307 of this title relating to MDR of Fee Disputes."

The Division defines non-network health care in paragraph (a) (6) of the same rule as "Health care not delivered or arranged by a certified workers' compensation health care network as defined in Insurance Code Chapter 1305 and related rules ..." That is, the Divisions medical fee dispute resolution section, may address disputes involving health care provided to an injured employee enrolled in an HCN, only if the out-of-network health care facility was authorized by the certified network to do so. The Division finds that this is not an out-of-network situation, as the injured employee and the health care facility are both in network. As a result, the medical fee dispute is not eligible for medical fee dispute resolution review under 28 Texas Administrative Code §133.307.

Medical fee dispute resolution at the Division of Workers' Compensation is not the appropriate administrative process to resolve a question regarding a Network payment reduction. Pursuant to Texas Insurance Code Subchapter I, the Network complaint process outlined in the policies and procedures of the certified healthcare network is the appropriate remedy. Additionally, the Division notes that requestor may also choose to file a complaint with the Texas Department of Insurance.

2. The TDI rules at 28 Texas Administrative Code §§10.120 through 10.122 address the submission of a complaint by a health care facility to the Health Care Network. The Division finds that the disputed services rendered by an in-network healthcare facility to an in-network injured employee may be filed to the Texas Department of Insurance's (TDI) Complaint Resolution Process, if the health care facility is dissatisfied with the outcome of the network complaint process. The complaint process outlined in Texas Insurance Code Subchapter I, §1305.401 - §1305.405 may be the appropriate administrative remedy to address fee matters related to health care certified networks.

Conclusion

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution. This finding is based upon a review of all the evidence presented by the parties in this dispute. Even though not all the evidence was discussed, it was considered. The Division finds that this dispute is not eligible for medical fee dispute resolution under 28 Texas Administrative Code §133.307.
