May 6, 2019

REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "The purpose of the letter is to inform you that payment for services provided to the above referenced patient does not comply with Chapters 134.403 and 134.404 of Texas Administrative Code."

Amount in Dispute: \$315.79

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "Texas Health Dallas submitted an outpatient bill for 9/5/18. The bill was paid in accordance with OPPS/APC rates for services billed. CPT code 72192 is a status indicator Q3. Reimbursement is as follows for wage index 0.9756..."

Response Submitted by: Texas Mutual

SUMMARY OF FINDINGS

Dates of Service	Disputed Services	Amount In Dispute	Amount Due
September 5, 2018	Outpatient Hospital Services	\$315.79	\$90.50

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.403 sets out the reimbursement guidelines for outpatient hospital services.
- The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - 45 – Charge exceeds fee schedule/maximum allowable or contracted/legislated fee arrangement
 - P12 – Workers' compensation jurisdictional fee schedule adjustment
 - 767 – Paid per O/P FG at 200%: Implants not applicable or separate reimbursement (with cert) not requested per Rule 134.403 (G).

Issues

1. What is the applicable rule for determining reimbursement for the disputed services?
2. Is the requestor entitled to additional reimbursement?

Findings

1. The requestor is seeking additional reimbursement in the amount of \$315.79 for outpatient hospital services rendered on September 5, 2018. The insurance carrier reduced disputed services based on the workers compensation jurisdictional fee schedule.

28 Texas Administrative Code §134.403 (d) states in pertinent part,

For coding, billing, reporting, and reimbursement of health care covered in this section, Texas workers' compensation system participants shall apply Medicare payment policies in effect on the date a service is provided

The Medicare payment policy applicable to the services in dispute is found at www.cms.gov, Claims processing Manual, Chapter 4, Section 10.1.1 - Payment Status Indicators

An OPPS payment status indicator is assigned to every HCPCS code. The status indicator identifies whether the service described by the HCPCS code is paid under the OPPS and if so, whether payment is made separately or packaged. The status indicator may also provide additional information about how the code is paid under the OPPS or under another payment system or fee schedule.

28 TAC §134.403, (f) states,

The reimbursement calculation used for establishing the MAR shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Outpatient Prospective Payment System (OPPS) reimbursement formula and factors as published annually in the *Federal Register*. The following minimal modifications shall be applied.

(1) The sum of the Medicare facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by:

(A) 200 percent; unless

(B) a facility or surgical implant provider requests separate reimbursement in accordance with subsection (g) of this section, in which case the facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by 130 percent.

The maximum allowable reimbursement per the above is calculated as follows:

- Procedure code 72131 has status indicator Q3, for packaged codes paid through a composite APC (if OPSS criteria are met). This code is assigned to composite APC 8005. This service qualifies for composite payment. The payment for composite services is calculated below.
- Procedure code 72192 has status indicator Q3, for packaged codes paid through a composite APC (if OPSS criteria are met). This code is assigned to composite APC 8005. This service qualifies for composite payment. The payment for composite services is calculated below.
- Procedure codes 72131, and 72192 have status indicator Q3, for packaged codes paid through a composite APC. Codes assigned to composites are major components of a single episode of care; the hospital receives one payment for any combination of designated procedures. These services are assigned composite APC 8005, for computed tomography (CT) services without contrast. This line is assigned status indicator S, for procedures not subject to reduction. This code is assigned APC 8005. The OPSS Addendum A rate is \$274.84, multiplied by 60% for an unadjusted labor amount of \$164.90, in turn multiplied by the facility wage index of 0.9756 for an adjusted labor amount of \$160.88. The non-labor portion is 40% of the APC rate, or \$109.94. The sum of the labor and non-labor portions is \$270.82. The Medicare facility specific amount of \$270.82 is multiplied by 200% for a MAR of \$541.64.

2. The total recommended reimbursement for the disputed services is \$541.64. The insurance carrier paid \$451.14. The amount due is \$90.50. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$90.50.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$90.50, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
