FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Background

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.502 sets out the procedures for pharmaceutical benefits.
- 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
- 28 Texas Administrative Code §134.530 sets out the closed formulary requirements for claims not subject to certified networks.
- The insurance carrier denied payment based on the absence of preauthorization.

Issues

1. Did the insurance carrier raise a new defense in its response?
2. Is the insurance carrier's reason for denial of payment supported?
3. Is Memorial Compounding Pharmacy (Memorial) entitled to reimbursement for the compound in question?

Findings

1. Memorial is seeking reimbursement for Gabapentin Capsule and Cyclobenzaprine Tablets dispensed on January 29, 2019. In its position statement Downs Stanford PC argued on behalf of Electric Insurance Co that the disputed drugs were denied based on lack of medical necessity.

The response from the insurance carrier is required to address only the denial reasons presented to the requestor the request for medical fee dispute resolution (MFDR) was filed with the division. Any new denial reasons or defenses raised shall not be considered for review.

The submitted documentation does not support that a denial based on medical necessity was provided to Memorial before this request for MFDR was filed. Therefore, the division will not consider this argument in the current dispute review as this issue constitutes a new defense.

2. Memorial is seeking reimbursement for drugs dispensed on January 29, 2019. The insurance carrier denied the disputed compound based on preauthorization. Preauthorization is only required for:
 - drugs identified with a status of "N" in the current edition of the ODG Appendix A;
 - any compound that contains a drug identified with a status of "N" in the current edition of the ODG Appendix A; and
 - any investigational or experimental drug.

The drugs in question does not contain an ingredient identified with a status of "N" in the current edition of the ODG, Appendix A.

The determination of a service's investigational or experimental nature is determined on a case by case basis through utilization review. Downs Stanford PC provided no evidence that the insurance carrier engaged in a prospective or retrospective utilization review to establish that the specific compound considered in this review is investigational or experimental.

Because the insurance carrier failed to perform utilization review on the disputed drugs, the requirement for preauthorization based on a premise that the compound is investigational or experimental is not triggered in this case. The insurance carrier's preauthorization denial is therefore not supported.

3. Because the insurance carrier failed to sufficiently support its denial of reimbursement, Memorial is entitled to reimbursement.

The reimbursement considered in this dispute is calculated as follows:

Drug	NDC	Generic(G) /Brand(B)	Price /Unit	Units Billed	AWP Formula	Billed Amt	Lesser of AWP and Billed
Gabapentin Capsule	45963055650	G	\$1.33	90	\$149.58	\$177.16	\$149.58
Cyclobenzaprine Tablets	65162054111	G	\$1.04	90	\$116.71	\$150.87	\$116.71
						Total	\$266.29

The total reimbursement is therefore \$266.29. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$266.29.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the DWC has determined the requestor is entitled to additional reimbursement for the disputed services. The DWC hereby ORDERS the respondent to remit to the requestor \$266.29, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
