#### FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

#### **Background**

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.203 sets out the reimbursement guidelines for professional medical services.
- The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
  - 119 – Benefit maximum for this time period or occurrence has been reached
  - 163 – The charge for this procedure exceeds the unit value and/or the multiple procedure rules
  - 193 – Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly

## Issues

1. Are the insurance carrier's reasons for denial or reduction of payment supported?
2. What is Medicare payment policy?
3. What rule is applicable to reimbursement guidelines?
4. Is the requestor entitled to additional reimbursement?

## Findings

1. The requestor is seeking additional reimbursement in the amount of \$139.17 for physical therapy services rendered on February 13, 2019. The carrier denied/reduced the services in dispute as, 119 – “Benefit maximum for this time period or occurrence has been reached” and 163 – The charge for this procedure exceeds the unit value and/or the multiple procedure rules.”

Review of the submitted documentation found insufficient evidence to support the basis of the “benefit maximum.” This denial will not be considered in this review.

The reduction based on the multiple procedure rules is discussed below.

2. 28 Texas Administrative Code 134.203 (a) (5) and (b) (1) states in pertinent part,  
"Medicare payment policies" when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare.  
(b) For coding, billing, reporting, and reimbursement of professional medical services, Texas workers' compensation system participants shall apply the following:  
(1) Medicare payment policies, including its coding; billing; correct coding initiatives (CCI) edits; modifiers;

The Centers for Medicare and Medicaid Claims Processing Manual, Chapter 5, states in applicable section 10.7,

*Medicare applies an MPPR to the PE payment when more than one unit or procedure is provided to the same patient on the same day, i.e., the MPPR applies to multiple units as well as multiple procedures. Many therapy services are time-based codes, i.e., multiple units may be billed for a single procedure. The MPPR applies to all therapy services furnished to a patient on the same day, regardless of whether the services are provided in one therapy discipline or multiple disciplines, for example, physical therapy, occupational therapy, or speech-language pathology.*

*Full payment is made for the unit or procedure with the highest PE payment.*

*For subsequent units and procedures with dates of service on or after April 1, 2013, furnished to the same patient on the same day, **full payment is made for work and malpractice and 50 percent payment is made for the PE for services** submitted on either professional or institutional claims.*

The calculation of the maximum allowable reimbursement is shown in the next paragraph.

3. 28 Texas Administrative Code 134.203 (c) states in pertinent part,  
To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications.  
(1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is (date of service yearly conversion factor).

The Medicare Multiple Procedure Payment Reduction file is found at:

<https://www.cms.gov/Medicare/Billing/TherapyServices/index.html>

The MAR calculation includes all services billed on the disputed date of service to correctly apply the MPPR reduction. The MAR based on service location Fort Worth is as follows:

Date of service	Submitted Code	PE Value	Allowable	Units	MAR
February 13, 2019	97110	0.4	\$23.94	4	\$157.57
February 13, 2019	97112	0.47	\$35.39 1 <sup>st</sup> unit \$27.03 2 <sup>nd</sup> unit	2	\$102.51
February 13, 2019	97140	0.35	\$22.09	2	\$72.56
				Total	\$332.64

4. The total allowable reimbursement for the services in dispute is \$332.64. The carrier made a total payment of \$274.27. The remaining balance of \$58.37 is due to the requestor.

**Conclusion**

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$58.37.

***ORDER***

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services.
