FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.203, sets out the fee guidelines for health care providers billing and reimbursement procedures.

3. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
    - 150-Payer deems the information submitted does not support this level of service.
    - P12-Workers' compensation jurisdictional fee schedule adjustment.
    - W3-Request for reconsideration.
    - P300-The amount paid reflects a fee schedule reduction.

Issues

Does the documentation support billing CPT code 99204? Is the requestor due reimbursement?

Findings

1. The fee guidelines for disputed services are found in 28 Texas Administrative Code §134.203.
2. The insurance carrier denied reimbursement for the office visit , CPT code 99204, based upon reason code "150-Payer deems the information submitted does not support this level of service."

   28 Texas Administrative Code §134.203(a)(5) states "Medicare payment policies" when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare."

   On the disputed dates of service, the requestor billed CPT code 99204 described as, "Office or other outpatient visit for the evaluation and management of a new patient, which requires these 3 key components: A comprehensive history; A comprehensive examination; Medical decision making of moderate complexity. Counseling and/or coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are of moderate to high severity. Typically, 45 minutes are spent face-to-face with the patient and/or family."

   The division finds the documentation does not support a comprehensive history; therefore, the documentation does not meet the 3 key components for billing 99204, therefore, reimbursement is not recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that reimbursement is due. As a result, the amount ordered is $0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to $0.00 reimbursement for the disputed services.
