SUMMARY OF FINDINGS

Dates of Service	Disputed Services	Amount In Dispute	Amount Due
December 28, 2018	97110, G0283	\$147.90	\$0.00

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.403 sets out the reimbursement guidelines for outpatient hospital services.
- 28 Texas Administrative Code §134.203 sets out the reimbursement guidelines for professional medical services.
- The insurance carrier reduced payment for the disputed services with the following claim adjustment

codes:

- P12 – Workers’ Compensation State Fee Schedule Adj

Issues

1. Is the carrier’s reduction of payment supported?
2. Is the requestor entitled to additional reimbursement?

Findings

1. The requestor is seeking additional reimbursement for outpatient therapy services performed December 28, 2018. The carrier reduced the allowed amount as P12 – “Workers’ compensation jurisdictional fee schedule amount.”

The applicable Division Rule is found in 28 Texas Administrative Code 134.403. The applicable sections are listed below:

(d) For coding, billing, reporting, and reimbursement of health care covered in this section, Texas workers' compensation system participants shall apply Medicare payment policies in effect on the date a service is provided

(h) For medical services provided in an outpatient acute care hospital, but not addressed in the Medicare payment policies as outlined in subsections (f)(1) or (f)(2) of this section, and for which Medicare reimburses using other Medicare fee schedules, reimbursement shall be made using the applicable Division Fee Guideline in effect for that service on the date the service was provided.

The OPSS reimbursement formula factors are found at <https://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/HospitalOutpatientPPS/Addendum-A-and-Addendum-B-Updates.html>. The specific factor is the Status Indicators. The status indicator for each of the HCPCS code listed on the DWC060 have an “A” status indicator which is defined as, “Not paid under OPSS. Paid by MACs under a fee schedule or payment system other than OPSS.”

Based on the requirements of 28 Texas Administrative Code §134.403 (h) the applicable Division fee guideline is found in 28 Texas Administrative Code §134.203.

Compliance with 28 Texas Administrative Code 134.403 (d) requires application of the Medicare Multiple Procedure Payment Reduction (MPPR) implemented April 1, 2013. The MPPR policy may be found in the CMS Claims Processing Manual 100-04, Chapter 5, section 10.7 found at www.cms.gov. The MPPR policy was used in the calculation of the maximum allowable reimbursement shown below.

2. 28 TAC 134.203 (b) (1) states in pertinent part,

For coding, billing, reporting, and reimbursement of professional medical services, Texas workers' compensation system participants shall apply the following:

- (1) Medicare payment policies, including its coding; billing; correct coding initiatives (CCI) edits; modifiers;

The Medicare payment policy regarding multiple procedure payment reduction is found in the Centers for Medicare and Medicaid Claims Processing Manual, Chapter 5, which states in applicable section 10.7

Medicare applies an MPPR to the PE payment when more than one unit or procedure is provided to the same patient on the same day, i.e., the MPPR applies to multiple units as well as multiple procedures. Many therapy services are time-based codes, i.e., multiple units may be billed for a single procedure. The MPPR applies to all therapy services furnished to a patient on the same day, regardless of whether the services are provided in one therapy discipline or multiple disciplines, for example, physical therapy, occupational therapy, or speech-language pathology.

Full payment is made for the unit or procedure with the highest PE payment.

*For subsequent units and procedures with dates of service on or after April 1, 2013, furnished to the same patient on the same day, **full payment is made for work and malpractice and 50 percent payment is made for the PE for services** submitted on either professional or institutional claims.*

The health care provider for the date of service in dispute billed for three units of CPT code 97110, and one unit of G0283. Per the above Medicare payment policy, “full payment is made for the unit or procedure with the highest PE payment.” For the disputed services CPT code 97110 has the highest PE payment for the date of service in dispute, so the first unit of 97110 should be paid at the full amount. Reimbursement of the services other than the first unit of 97110 will have the multiple procedure payment reduction applied.

3. 28 Texas Administrative Code 134.203 (c) states in pertinent part,

To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications.

(1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is (date of service yearly conversion factor).

The services in dispute were provided in Amarillo, Texas in February and December of 2018. The formula for reimbursement is the Division of Workers Compensation Conversion Factor for 2018 divided by the Medicare Conversion Factor for 2018 multiple by the Medicare Fee amount. The Medicare Multiple Procedure Payment Reduction file is found at:

<https://www.cms.gov/Medicare/Billing/TherapyServices/index.html>

For CPT codes 97110 and 97140 provided in Amarillo Texas in 2018 the Medicare fee amounts are shown below.

CODE	SHORT DESCRIPTOR	FEE AMOUNT	50% REDUCTION	PRACTICE EXPENSE RVUs
97110	Therapeutic exercises	\$30.28	\$23.53	0.4
G0283	Elec stim other than wound	\$14.53	\$10.65	0.23

For the date of service, the reimbursement for the first unit of 97110 is DWC Conversion Factor 58.31 divided by the Medicare Conversion Factor 35.9996 multiple by \$30.28 = \$49.05

Each additional unit of 97110 are reimbursable at DWC Conversion Factor 58.31 divided by the Medicare Conversion Factor 35.9996 multiplied by the reduced amount of \$23.53 = \$38.11

For the date of service, G0283 is reimbursable at DWC Conversion Factor 58.31 divided by the Medicare Conversion Factor 35.9996 multiplied by the reduced amount of \$10.65 = \$17.25

The Maximum Allowable Reimbursement (MAR) for date of service December 28, 2018 is:

Date of service	Submitted Code	Units	MAR per unit	Total MAR
December 28, 2018	97110	3	\$49.05 1 st unit \$38.11 x 2 = \$76.22 2 nd -3 rd unit	\$125.27
December 28, 2018	G0283	1	\$17.25	\$17.25
		Total		\$142.52

The total allowable reimbursement for the services in dispute is \$142.52. The carrier paid \$170.68. No additional payment is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031, the division hereby determines the requestor is entitled to \$0.00 additional reimbursement for the services in dispute.
