Response Submitted by: AIG

SUMMARY OF FINDINGS

Table with 4 columns: Dates of Service, Disputed Services, Amount In Dispute, Amount Due. Row 1: November 20, 2018, Outpatient Hospital Services, \$212.28, \$49.06

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.403 sets out the reimbursement guidelines for outpatient hospital services.
3. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
- The benefit for this service is include in the payment/allowance for another service/procedure that has already been adjudicated
- The service is considered incidental, package, or bundled into another service or APC payment
- Workers' compensation jurisdictional fee schedule adjustment

**Issues**

1. What is the applicable rule for determining reimbursement for the disputed services?
2. Is the requestor entitled to additional reimbursement?

**Findings**

1. The requestor is seeking additional reimbursement in the amount of \$212.28 for outpatient hospital services rendered on November 20, 2018. The insurance carrier reduced disputed services based on the workers' compensation jurisdiction fee schedule and bundled payment.

28 TAC §134.403, (f) states,

The reimbursement calculation used for establishing the MAR shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Outpatient Prospective Payment System (OPPS) reimbursement formula and factors as published annually in the *Federal Register*. The following minimal modifications shall be applied.

- (1) The sum of the Medicare facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by:
  - (A) 200 percent; unless
  - (B) a facility or surgical implant provider requests separate reimbursement in accordance with subsection (g) of this section, in which case the facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by 130 percent.

Review of the submitted claim finds no charges for implants. The maximum allowable reimbursement per the above is calculated as follows:

- Procedure code 71101 has status indicator Q1, for STV-packaged codes; reimbursement is packaged with payment for any service assigned status indicator S, T or V. This code is paid separately only if OPPS criteria are met.
  - Procedure code 99283 has status indicator J2, comprehensive packaging if 8 or more hours observation billed but as this criteria is not met this code has a status indicator of V and is assigned APC 5023. The OPPS Addendum A rate is \$219.10, multiplied by 60% for an unadjusted labor amount of \$131.46, in turn multiplied by the facility wage index of 0.9736 for an adjusted labor amount of \$127.99. The non-labor portion is 40% of the APC rate, or \$87.64. The sum of the labor and non-labor portions is \$215.63. The Medicare facility specific amount of \$215.63 is multiplied by 200% for a MAR of \$431.26.
2. The total recommended reimbursement for the disputed services is \$431.26. The insurance carrier paid \$382.20. The amount due is \$49.06. This amount is recommended.

**Conclusion**

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$49.06.

***ORDER***

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$49.06, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
