**MEDICAL FEE DISPUTE RESOLUTION FINDINGS AND DECISION**

**GENERAL INFORMATION**

**Requestor Name**

REECE HAYDEN, DC

**Respondent Name**

ACCIDENT FUND INSURANCE CO OF AMERICA

**MFDR Tracking Number**

M4-19-4583-01

**Carrier's Austin Representative**

Box Number 06

**MFDR Date Received**

JUNE 20, 2019

**REQUESTOR'S POSITION SUMMARY**

**Requestor's Position Summary:** "DESIGNATED DOCTOR REFERRED TESTING INCORRECT REDUCTION."

**Amount in Dispute:** \$474.08

**RESPONDENT'S POSITION SUMMARY**

**Respondent's Position Summary:** "[claimant] had an FCE performed by Gulf Coast Medical Evaluators on 2/27/19. The FCE performed for which the current bill is at issue was performed on 3/22/19. According to DWC Rule 134.225, a second FCE can only be a maximum of 2 hours given that this appears to have been an interim FCE. There is no indication that this was a DWC-ordered FCE that would require additional reimbursement."

**Response Submitted By:** Stone Loughlin Swanson, LLC

**SUMMARY OF FINDINGS**

Dates of Service	Disputed Services	Amount In Dispute	Amount Due
March 7, 2019	CPT Code 97750-FC-GP ( X16) Functional Capacity Evaluation (FCE)	\$474.08	\$0.00

**FINDINGS AND DECISION**

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

**Background**

1. 28 Texas Administrative Code §133.307, effective May 31, 2012 sets out the procedures for resolving a medical fee dispute.
2. 28 Texas Administrative Code §134.203, effective March 1, 2008, sets out the fee guidelines for reimbursement of professional medical services provided in the Texas workers' compensation

system.

3. 28 Texas Administrative Code §134.225, effective July 7, 2016, sets the reimbursement guidelines for FCEs.
4. The insurance carrier reduced payment for the disputed services with the following claim adjustment code:
  - P12-Workers compensation jurisdictional fee schedule adjustment.
  - 309-The charge for this procedure exceeds the fee schedule allowance.
  - 600-Allowance based on maximum number of units allowed per fee schedule guidelines and/or service code description.
  - W3-Additional payment made on appeal/reconsideration.
  - 193-Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly.
  - 1014-The attached billing has been re-evaluated at the request of the provider. Based on this re-evaluation, we find our original review to be correct. Therefore, no additional allowance appears to be warranted.

### Issues

Is the requestor entitled to reimbursement for CPT code 97750-FC-GP (X16) rendered on March 7, 2019?

### Findings

1. The requestor is seeking medical fee dispute resolution for CPT code 97750-FC-GP (X16) rendered on March 7, 2019 in the amount of \$474-08.
2. According to the explanation of benefits, the carrier paid \$475.36 for the disputed FCE based upon the fee guideline.
3. The requestor contends that additional reimbursement is due because **“DESIGNATED DOCTOR REFERRED TESTING INCORRECT REDUCTION.”**
4. The respondent wrote “[claimant] had an FCE performed by Gulf Coast Medical Evaluators on 2/27/19. The FCE performed for which the current bill is at issue was performed on 3/22/19. According to DWC Rule 134.225, a second FCE can only be a maximum of 2 hours given that this appears to have been an interim FCE. There is no indication that this was a DWC-ordered FCE that would require additional reimbursement.”
5. The requestor noted on the medical report that the claimant was referred for testing by Dr. Patricia Janki. The requestor did not support that Dr. Janki was the Designated Doctor. The division finds the requestor did not support that the testing was requested by the Designated Doctor; therefore, the number of FCEs and time limits found in the division fee guideline apply.
6. The applicable fee guideline for FCEs is found at 28 Texas Administrative Code §134.225.
7. 28 Texas Administrative Code §134.225 states:

The following applies to functional capacity evaluations (FCEs). A maximum of three FCEs for each compensable injury shall be billed and reimbursed. FCEs ordered by the division shall not count toward the three FCEs allowed for each compensable injury. FCEs shall be billed using CPT code 97750 with modifier "FC." FCEs shall be reimbursed in accordance with §134.203(c)(1) of this title. Reimbursement shall be for up to a maximum of four hours for the initial test or for a division ordered test; a maximum of two hours for an interim test; and a maximum of three hours for the discharge test, unless it is the initial test. Documentation is required. “
8. The respondent noted that claimant had an initial FCE on 2/27/19. Based upon 28 Texas Administrative Code §134.225, the disputed FCE is an interim test with a maximum of two hours.
9. 28 Texas Administrative Code §134.203(c)(1) states “To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications. (1) For

service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83.”

28 Texas Administrative Code §134.203(c)(2) states “The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and shall be effective January 1st of the new calendar year. The following hypothetical example illustrates this annual adjustment activity if the Division had been using this MEI annual percentage adjustment: The 2006 Division conversion factor of \$50.83 (with the exception of surgery) would have been multiplied by the 2007 MEI annual percentage increase of 2.1 percent, resulting in the \$51.90 (with the exception of surgery) Division conversion factor in 2007.”

Medicare Claims Processing Manual Chapter 5, 10.3.7-effective June 6, 2016, titled *Multiple Procedure Payment Reductions for Outpatient Rehabilitation Services*, states:

Full payment is made for the unit or procedure with the highest PE payment.

For subsequent units and procedures with dates of service prior to April 1, 2013, furnished to the same patient on the same day, full payment is made for work and malpractice and 80 percent payment is made for the PE for services submitted on professional claims (any claim submitted using the ASC X12 837 professional claim format or the CMS-1500 paper claim form) and 75 percent payment is made for the PE for services submitted on institutional claims (ASC X12 837 institutional claim format or Form CMS-1450).

For subsequent units and procedures with dates of service on or after April 1, 2013, furnished to the same patient on the same day, full payment is made for work and malpractice and 50 percent payment is made for the PE for services submitted on either professional or institutional claims.

To determine which services will receive the MPPR, contractors shall rank services according to the applicable PE relative value units (RVU) and price the service with the highest PE RVU at 100% and apply the appropriate MPPR to the remaining services. When the highest PE RVU applies to more than one of the identified services, contractors shall additionally sort and rank these services according to highest total fee schedule amount, and price the service with the highest total fee schedule amount at 100% and apply the appropriate MPPR to the remaining services.

On the disputed dates of service, the requestor billed CPT code 97550-FC (X16). The multiple procedure rule discounting applies to the disputed service.

The Division conversion factor for 2019 is \$59.19.

The Medicare conversion factor for 2018 is 36.0391.

Review of Box 32 on the CMS-1500 finds that the services were rendered in zip code 77042 which is located in Houston, Texas; therefore, the Medicare locality is “Houston, Texas.”

The Medicare participating amount for CPT code 97750 is \$36.18.

Using the above formula, the MAR is \$59.42 per unit. The requestor billed for 16 units; however, per the fee guideline, the limit for an interim FCE is 8 units.  $\$59.42 \times 8 + \text{multiple procedure discounting} = \$366.37$ . The respondent paid \$475.36. The division finds the requestor is not due additional reimbursement.

**Conclusion**

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

**ORDER**

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the services in dispute.
