Issues

Is the requestor entitled to additional reimbursement for ASC services rendered on December 4, 2018?

Findings

1. The fee guideline for ASC services is found at 28 Texas Administrative Code §134.402.
2. 28 Texas Administrative Code §134.402(b) (6) states, "Definitions for words and terms, when used in this section, shall have the following meanings, unless clearly indicated otherwise. "Medicare payment policy" means reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare."
3. 28 Texas Administrative Code §134.402(d) states "For coding, billing, and reporting, of facility services covered in this rule, Texas workers' compensation system participants shall apply the Medicare payment policies in effect on the date a service is provided with any additions or exceptions specified in this section, including the following paragraphs."
4. CPT code 25609 is described as "Open treatment of distal radial intra-articular fracture or epiphyseal separation; with internal fixation of 3 or more fragments"

Per ADDENDUM AA, CPT code 25609 is a device intensive procedure.

Division rule at 28 TAC §134.402(d) states " For coding, billing, and reporting, of facility services covered in this rule, Texas workers' compensation system participants shall apply the Medicare payment policies in effect on the date a service is provided with any additions or exceptions specified in this section."

Division rule at 28 TAC §134.402(f)(2)(A)(i)(ii) states "The reimbursement calculation used for establishing the MAR shall be the Medicare ASC reimbursement amount determined by applying the most recently adopted and effective Medicare Payment System Policies for Services Furnished in Ambulatory Surgical Centers and Outpatient Prospective Payment System reimbursement formula and factors as published annually in the *Federal Register*. Reimbursement shall be based on the fully implemented payment amount as in ADDENDUM AA, ASC COVERED SURGICAL PROCEDURES FOR CY 2008, published in the November 27, 2007 publication of the *Federal Register*, or its successor. The following minimal modifications apply: (2) Reimbursement for device intensive procedures shall be: (A) the sum of: (i) the ASC device portion; and (ii) the ASC service portion multiplied by 235 percent."

The requestor did not request separate reimbursement for the implantables; therefore, Division rule at 28 TAC §134.402(f)(2)(A)(i)(ii) applies to this dispute.

Division rule at 28 TAC §134.402(f)(2)(A)(i)(ii) reimbursement for device intensive procedure code 25609 is a two step process:

Step 1 calculating the device portion of the procedure:

The national reimbursement is found in the Addendum B for National Hospital Outpatient Prospective Payment System (OPPS) code 25609 for CY 2018 = \$5,606.42.

This number multiplied by the device dependent APC offset percentage for National Hospital OPSS reimbursement of 44.05% = \$2,469.62.

Step 2 calculating the service portion of the procedure:

Per Addendum AA, the Medicare fully implemented ASC reimbursement rate for code 25609 is \$3,855.65.

Per the Medicare fully implemented ASC reimbursement rate of \$3,855.65 is divided by 2 = \$1,927.82.

This number multiplied by the City Wage Index for Midland, TX $\$1,927.82 \times 0.9114 = \$1,757.01$.

The sum of these two is the geographically adjusted Medicare ASC reimbursement = \$3,684.83.

The service portion is found by taking the national adjusted rate of \$3,684.83 minus the device portion of \$2,469.62 = \$1,215.21.

Multiply the geographical adjusted ASC reimbursement by the DWC payment adjustment of 235% = \$2,855.74.

Step 3 calculating the MAR:

The MAR is determined by adding the sum of the reimbursement for the device portion and the service portion = \$5,325.36. The insurance carrier paid \$5,325.39. As a result, additional reimbursement is not recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
