FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.203 sets out the reimbursement guidelines for professional medical services.
- The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - P12 – Workers' compensation jurisdictional fee schedule adjustment
 - 59 – Processed based on multiple or concurrent procedure rules

- V340 – CPT code submitted is based on service time and documentation of time spent does not support the number of units billed.

Issues

1. Is the insurance carrier's reason for reduction of payment supported?

Findings

1. The requestor is seeking additional reimbursement in the amount of \$55.87 for date of service November 19, 2018.

The insurance carrier states, "CPT 97140 is billed when the provider performs a manual therapy technique on one or more regions. This code is billed in 15 minute increments. The actual time spent with the patient must be documented to support the multiple units billed. This time has not been supplied by the provider."

Review of the submitted "Note" indicates 95 minutes of total therapy that included treadmill, lumbar stretching, core work/planks, ab crunch/ calf/toe raise, leg press, squats, theraball, heel ball roll, one leg stands, ball squats and PNF stretches. The "Encounter" states, "Therapeutic Exercises were performed. Pelvic wedges were used with manual therapy, Manual traction was performed. Proprioceptive neuromuscular facilitation techniques were performed, Co-ordination techniques were performed."

The description of the **timed** units does not match the **narrative** of the "Encounter" notes.

The insurance carriers' position is supported. No additional reimbursement is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031, the division hereby determines the requestor is entitled to \$0.00 additional reimbursement for the services in dispute.
