Issues

Does the documentation support billing CPT code 99214? Is the requestor due reimbursement?

Findings

1. The fee guidelines for disputed services are found in 28 Texas Administrative Code §134.203.

The insurance carrier denied reimbursement for the office visit , CPT code 99214, based upon reason code "CAC-150-Payer deems the information submitted does not support this level of service," "CAC-16-Claim/service lacks information or has submission/billing error(s) which is needed for adjudication," "225-The submitted documentation does not support the service being billed. We will re-evaluate this upon receipt of clarifying information, "and "890-Denied per AMA CPT code description for level of service and/or nature of presenting problems."

28 Texas Administrative Code §134.203(a)(5) states "Medicare payment policies" when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare."

CPT code 99214 is described as, "Office or other outpatient visit for the evaluation and management of an established patient, which requires at least 2 of these 3 key components: A detailed history; A detailed examination; Medical decision making of moderate complexity. Counseling and/or coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are of moderate to high severity. Typically, 25 minutes are spent face-to-face with the patient and/or family."

The division finds the submitted report does not sufficiently support 2 of the 3 key components required for billing code 99214, specifically a detailed history and examination; therefore, reimbursement is not recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
