FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 28 Texas Administrative Code §133.240 sets out the procedures for payment or denial of medical bills.
- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.235 sets out the fee guidelines for examinations to determine the ability of the injured employee to return to work.
- 28 Texas Administrative Code §134.250 sets out the fee guidelines for examinations to determine maximum medical improvement and impairment rating.
- The documentation submitted to the DWC does not include explanations of benefits.

Issues

1. Did Starbucks Corporation respond to the medical fee dispute?
2. Did Starbucks Corporation take final action on the bill for the service in question prior to the request for medical fee dispute resolution (MFDR)?
3. Is Pacific Billing Services, Inc. entitled to additional reimbursement for the services in question?

Findings

1. The Austin carrier representative for Starbucks Corporation is White Espey, PLLC. White Espey, PLLC received the copy of this medical fee dispute on August 14, 2019. If the DWC does not receive the response within 14 calendar days of the dispute notification, then the DWC may base its decision on the available information.¹

As of today, no response has been received from the insurance carrier or its representative. We will base this decision on the information available.

2. Pacific Billing Services, Inc. is seeking reimbursement for a designated doctor examination performed by Dr. Emily Bailey on March 14, 2019.

Evidence supports that Pacific Billing Services, Inc. submitted a bill for the examination to fax number presented on the "Request for Designated Doctor Examination" (Form DWC032) on or about March 26, 2019.

The insurance carrier is required to take final action by paying, reducing, or denying the service in question not later than 45 days after receiving the medical bill. This deadline is not extended by a request for additional information.²

The greater weight of evidence presented to the DWC supports that a complete bill for the services in question was received by the insurance carrier or its agent. No evidence was provided to support that the insurance carrier took final action on the bill for the service in question.

3. Because the insurance carrier failed to defend a denial of payment for the examination in question, the DWC finds that Pacific Billing Services, Inc. is entitled to reimbursement.

The submitted documentation supports that Dr. Bailey performed an evaluation of maximum medical improvement as ordered by the DWC. The maximum allowable reimbursement (MAR) for this examination is \$350.00.³

The submitted documentation supports that Dr. Bailey provided an impairment rating of the thoracic spine, a musculoskeletal body area, performing a full physical evaluation with range of motion. The MAR for this examination is \$300.00.⁴

The total allowable reimbursement for the examination in question is \$650.00. This amount is recommended.

Conclusion

For the reasons stated above, the DWC finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$650.00.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the DWC has determined the requestor is entitled to additional reimbursement for the disputed services. The DWC hereby ORDERS the respondent to remit to the requestor \$650.00, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
