"The review determined that the provider is not due additional money."

Response Submitted by: ESIS

SUMMARY OF FINDINGS

Table with 4 columns: Dates of Service, Disputed Services, Amount In Dispute, Amount Due. Row 1: March 1, 2019, Ambulatory Surgical Care Services CPT Code 25608-RT, \$1,305.22, \$66.90

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Background

- 1. 28 Texas Administrative Code §133.307, effective May 31, 2012 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.402, effective August 31, 2008, sets out the reimbursement guidelines for ambulatory surgical care services.
3. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
- P12-Workers' compensation jurisdictional fee schedule adjustment.
- This appeal is denied as we find the original review reflected the appropriate allowance for the service rendered. We find that no additional recommendation is warranted at this time.

- Previous gross recommended payment amount on line \$5,225.56.
- 193-Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly.

Issues

Is the requestor entitled to additional reimbursement for ASC services rendered on March 1, 2019?

Findings

1. The requestor is seeking medical fee dispute resolution in the amount of \$1,305.22 for ASC services rendered to the injured worker on March 1, 2019. The insurance carrier paid \$5,225.56 for the disputed services based upon the fee guideline.

2. The fee guidelines for disputed services is found in 28 TAC §134.402.

3. 28 TAC §134.402(b) (6) states,

Definitions for words and terms, when used in this section, shall have the following meanings, unless clearly indicated otherwise. "Medicare payment policy" means reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare.

4. 28 TAC §134.402(d) states,

For coding, billing, and reporting, of facility services covered in this rule, Texas workers' compensation system participants shall apply the Medicare payment policies in effect on the date a service is provided with any additions or exceptions specified in this section, including the following paragraphs.

CPT code 25608 is described as "Open treatment of distal radial intra-articular fracture or epiphyseal separation; with internal fixation of 2 fragments."

5. To determine the appropriate reimbursement for CPT code 25608 the DWC refers to 28 TAC §134.402(f).

28 TAC §134.402(f)(2)(A)(i)(ii) states,

The reimbursement calculation used for establishing the MAR shall be the Medicare ASC reimbursement amount determined by applying the most recently adopted and effective Medicare Payment System Policies for Services Furnished in Ambulatory Surgical Centers and Outpatient Prospective Payment System reimbursement formula and factors as published annually in the *Federal Register*. Reimbursement shall be based on the fully implemented payment amount as in ADDENDUM AA, ASC COVERED SURGICAL PROCEDURES FOR CY 2008, published in the November 27, 2007 publication of the *Federal Register*, or its successor. The following minimal modifications apply: (2) Reimbursement for device intensive procedures shall be: (A) the sum of: (i) the ASC device portion; and (ii) the ASC service portion multiplied by 235 percent."

Per ADDENDUM AA, CPT codes 25608 is a device intensive procedure.

The following formula was used to calculate the MAR:

- Step 1 calculating the device portion of the procedure:

The national reimbursement is found in the Addendum B for National Hospital Outpatient Prospective Payment System (OPPS) code 25608 for CY 2019 = \$5,699.59

The device dependent APC offset percentage for National Hospital OPPS found in Addendum P for code 25608 for CY 2019 is 43.27%

Multiply these two = \$2,466.21

- Step 2 calculating the service portion of the procedure:
 Per Addendum AA, the Medicare fully implemented ASC reimbursement rate for code 25608 for CY 2019 is \$3,884.47.
 This number is divided by 2 = \$1,942.23.
 This number multiplied by the City Wage Index for Midland, TX of 0.8890= \$1,726.64.
 The sum of these two is the geographically adjusted Medicare ASC reimbursement = \$3,668.87.
 The service portion is found by taking the geographically adjusted rate of \$3,668.87 minus the device portion of \$2,466.21 = \$1,202.66.
 Multiply the service portion by DWC payment adjustment of 235% = \$2,826.25.
- Step 3 the MAR is determined by adding the sum of the reimbursement for the device portion of \$2,466.21 + the service portion of \$2,826.25 = \$5,292.46. The insurance carrier paid \$5,225.56. As a result, additional reimbursement of \$63.83 is recommended.

Conclusion

For the reasons stated above, the DWC finds that the requestor has established that reimbursement is due. As a result, the amount ordered is \$66.90.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the DWC has determined the requestor is entitled to additional reimbursement for the disputed services. The DWC hereby ORDERS the respondent to remit to the requestor \$66.90, plus applicable accrued interest per 28 Texas Administrative Code §134.130 due within 30 days of receipt of this order.
