"CARRIER IS NOT PAYING ACCORDING TO AUTHORIZATION OUR FACILITY RECEIVED REGARDING THIS PATIENT."

RESPONDENT'S POSITION SUMMARY

"It is the carrier's position that the provider has been reimbursed pursuant to the Medical Fee Guidelines."

SUMMARY OF DISPUTE

Table with 4 columns: Dates of Service, Disputed Services, Dispute Amount, Amount Due. Row 1: February 4, 2019, Physical Therapy CPT 97140, \$56.72, \$36.30

AUTHORITY

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Background

- 1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.203 sets out the fee guideline for professional medical services.
3. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
- P12 - Workers' compensation jurisdictional fee schedule adjustment.
- 59 - Processed based on multiple or concurrent procedure rules.
- W3 - Request for reconsideration.
- ZE10 - Request for reconsideration.

Findings

This dispute regards outpatient physical therapy services with reimbursement subject to 28 TAC §134.203(c), which requires the maximum allowable reimbursement (MAR) be determined by applying Medicare payment policies modified by DWC rules. The MAR is the sum of the geographically adjusted work, practice expense and malpractice values multiplied by a DWC conversion factor.

Medicare's multiple-procedure payment reduction (MPPR) policy requires payment in full for the first unit of therapy with the highest practice expense. Payment is reduced by 50% of the practice expense for each extra therapy unit (codes with multiple-procedure indicator 5) provided on the same day.

Reimbursement is calculated as follows:

- Procedure code 97140, February 4, 2019, has a Work RVU of 0.43 multiplied by the Work GPCI of 1.007 is 0.43301. The practice expense RVU of 0.35 multiplied by the PE GPCI of 0.986 is 0.3451. The malpractice RVU of 0.01 multiplied by the malpractice GPCI of 0.747 is 0.00747. The sum is 0.78558 multiplied by the DWC conversion factor of \$59.19 for a MAR of \$46.50. The PE for this code is not the highest for this date, payment is thus reduced by 50% of the practice expense. The PE reduced rate is \$36.29 at 2 units is \$72.58. The carrier paid \$36.28. The balance remaining due is \$36.30. This amount is recommended.

**Conclusion**

In resolving disputes regarding the amount of payment due for health care determined to be medically necessary and appropriate for treatment of a compensable injury, the role of the division is to adjudicate the payment, given the relevant statutory provisions and division rules. The findings in this decision are based on the evidence available at the time of review. Even though not all the evidence was discussed, it was considered.

The requestor has established that additional payment is due. As a result, the amount ordered is \$36.30.

**ORDER**

In accordance with Texas Labor Code Section 413.031 and 413.019 (if applicable), based on the submitted information, DWC finds the requestor is entitled to additional reimbursement. DWC hereby ORDERS the respondent to remit to the requestor \$36.30, plus accrued interest per Rule §134.130, due within 30 days of receipt of this order.
