2. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
• 29 – The time limit for filing has expired

Issue

Findings

28 Texas Administrative Code §133.307(c)(1) states unless the services in dispute involves compensability, extent of injury or liability the request for medical fee dispute resolution shall be filed no later than one year after the date of service.

The date of the service in dispute is April 11, 2018. The request for medical dispute resolution was received in the Medical Dispute Resolution (MDR) section on September 4, 2019.

This date is later than one year after the date of service in dispute. Review of the submitted documentation finds that the disputed services does not involve compensability, extent of injury or liability.

DWC concludes that the requestor has failed to timely file this dispute with the DWC’s MDR Section; consequently, the requestor has waived the right to medical fee dispute resolution.

Conclusion

DWC finds that the requestor has waived the right to medical fee dispute resolution for the services in dispute. For that reason, the merits of the issues raised by both parties to this dispute have not been addressed.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, DWC has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
