FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.503 sets out the reimbursement guidelines for pharmacy services.

Issues

- 1. What rule is applicable to reimbursement?

Findings

- 1. The requestor is seeking reimbursement for oral pharmaceutical medication. The insurance carrier did not submit a position statement or any proof of payment. The services in dispute will be reviewed per the applicable fee guideline.

28 TAC 134.503 (c) states the allowable is the lesser of the billed amount and the fee established by the formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed.

The reimbursement amount for generic drugs is $AWP \times 1.25 \times \text{number of units}$.

The requestor submitted one DWC066 that contained the claim for Celecoxib. This is the only service that will be reviewed.

Medication	NDC number	AWP	Units	Billed amount	Reimbursement amount
Celecoxib	59762151703	\$7.581	60	\$512.38	\$568.58
			Total	\$512.38	\$568.58

The ordered amount is \$512.38, the lesser amount per the above rule.

Conclusion

For the reasons stated above, DWC finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$512.38.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), DWC has determined the requestor is entitled to additional reimbursement for the disputed services. DWC hereby ORDERS the respondent to remit to the requestor \$512.38, plus applicable accrued interest per 28 TAC §134.130 due within 30 days of receipt of this order.
