FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Background

- 1. 28 Texas Administrative Code (TAC) §133.307, effective May 31, 2012, sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.203, effective March 1, 2008, sets out the reimbursement guidelines for professional services.
3. The insurance carrier paid \$122.11 with check number 2796425. Explanation of benefits did not list any claim adjustment reason codes.

Issues

Is the requestor due additional reimbursement for CPT code 99205?

Findings

1. The requestor is seeking medical fee dispute resolution in the amount of \$209.89 for CPT code 99205 rendered on February 26, 2019.
2. The fee guidelines for disputed services are found in 28 TAC §134.203.
3. 28 TAC §134.203(a)(5) states, "Medicare payment policies" when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare."
4. CPT code 99205 is described as, "Office or other outpatient visit for the evaluation and management of a new patient, which requires these 3 key components: A comprehensive history; A comprehensive examination; Medical decision making of high complexity. Counseling and/or coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are of moderate to high severity. Typically, 60 minutes are spent face-to-face with the patient and/or family."
5. Per 28 TAC §134.203(c)(1)(2), "To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications.
 - (1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83. For Surgery when performed in a facility setting, the established conversion factor to be applied is \$66.32.
 - (2) The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and shall be effective January 1st of the new calendar year. The following hypothetical example illustrates this annual adjustment activity if the DWC had been using this MEI annual percentage adjustment: The 2006 DWC conversion factor of \$50.83 (with the exception of surgery) would have been multiplied by the 2007 MEI annual percentage increase of 2.1 percent, resulting in the \$51.90 (with the exception of surgery) DWC conversion factor in 2007."

To determine the MAR the following formula is used: $(\text{DWC Conversion Factor}/\text{Medicare Conversion Factor}) \times \text{Medicare Payment} = \text{Maximum Allowable Reimbursement (MAR)}$.

The 2019 DWC Conversion Factor is 59.19

The 2019 Medicare Conversion Factor is 36.0391

Review of Box 32 on the CMS-1500 the services were rendered in San Antonio, Texas; therefore, the locality will be based on the rate for "Rest of Texas".

The Medicare participating amount for code 99205 is \$202.44

Using the above formula, the DWC finds the MAR is \$332.48.

The respondent paid \$122.11.

The difference between the MAR and paid is \$210.37. The requestor is seeking lesser amount of \$209.89.

Conclusion

For the reasons stated above, the DWC finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$209.89.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the DWC has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The DWC hereby ORDERS the respondent to remit to the requestor the amount of \$209.89 plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this Order.
