FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Background

1. 28 Texas Administrative Code (TAC) §133.307, effective May 31, 2012, sets out the procedures for resolving medical fee disputes.

2. 28 Texas Administrative Code §134.203, effective March 1, 2008, sets out the reimbursement guidelines for professional services.
3. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - CAC-150-Payer deems the information submitted does not support this level of service.
 - CAC-16-Claim/service lacks information or has submission/billing error(s) which is needed for adjudication.
 - 225-The submitted documentation does not support the service being billed. We will re-evaluate this upon receipt of clarifying information.
 - 890-Denied per AMA CPT code description for level of service and/or nature of presenting problems.
 - CAC-W3, 350-In accordance with TDI-DWC rule 134.804, this bill has been identified as a request for reconsideration or appeal.
 - CAC-193-Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly.
 - 891-No additional payment after reconsideration.

Issues

Does the documentation support billing CPT code 99214? Is the requestor due reimbursement?

Findings

1. The requestor is seeking medical fee dispute resolution in the amount of \$420.00 for CPT code 99214, rendered on July 2, 2019.
2. The respondent initially denied reimbursement for the office visit , CPT code 99214, based upon reason code “CAC-150-Payer deems the information submitted does not support this level of service,” “CAC-16-Claim/service lacks information or has submission/billing error(s) which is needed for adjudication,” “225-The submitted documentation does not support the service being billed. We will re-evaluate this upon receipt of clarifying information, “and “890-Denied per AMA CPT code description for level of service and/or nature of presenting problems.”
3. The fee guidelines for disputed services is found in 28 TAC §134.203.
4. 28 TAC §134.203(a)(5) states “Medicare payment policies” when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare.”
5. CPT code 99214 is described as, “Office or other outpatient visit for the evaluation and management of an established patient, which requires at least 2 of these 3 key components: A detailed history; A detailed examination; Medical decision making of moderate complexity. Counseling and/or coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are of moderate to high severity. Typically, 25 minutes are spent face-to-face with the patient and/or family.”

The DWC finds the documentation supports 2 of the 3 key components, specifically a detailed history and examination; therefore, reimbursement is recommended.

6. Per 28 TAC §134.203(c)(1)(2), “To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications.

(1) For service categories of Evaluation & Management, General Medicine, Physical Medicine and Rehabilitation, Radiology, Pathology, Anesthesia, and Surgery when performed in an office setting, the established conversion factor to be applied is \$52.83. For Surgery when performed in a facility setting, the established conversion factor to be applied is \$66.32.

(2) The conversion factors listed in paragraph (1) of this subsection shall be the conversion factors for

calendar year 2008. Subsequent year's conversion factors shall be determined by applying the annual percentage adjustment of the Medicare Economic Index (MEI) to the previous year's conversion factors, and shall be effective January 1st of the new calendar year. The following hypothetical example illustrates this annual adjustment activity if the DWC had been using this MEI annual percentage adjustment: The 2006 DWC conversion factor of \$50.83 (with the exception of surgery) would have been multiplied by the 2007

MEI annual percentage increase of 2.1 percent, resulting in the \$51.90 (with the exception of surgery) DWC conversion factor in 2007."

To determine the MAR the following formula is used: (DWC Conversion Factor/Medicare Conversion Factor) X Participating Amount = Maximum Allowable Reimbursement (MAR).

The 2019 DWC conversion factor for this service is 59.19.

The Medicare Conversion Factor is 36.0391

Review of Box 32 on the CMS-1500 the services were rendered in Brownsville, Texas; therefore, the locality is based upon "Rest of Texas".

The Medicare participating amount for code 99214 is \$106.28.

Using the above formula, the MAR is \$174.55. The respondent paid \$0.00. The DWC finds, the requestor is due reimbursement of \$174.55.

Conclusion

For the reasons stated above, the DWC finds that the requestor has established that reimbursement is due. As a result, the amount ordered is \$174.55.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$174.55, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
