FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code (TLC) §413.031 and all-applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code (TAC) §133.307, sets out the procedures for resolving medical fee disputes
2. 28 Texas Insurance Code (TIC) Chapter 1305 applicable to Health Care Certified Networks.
3. 28 TAC §§10.120 through 10.122 address the submission of a complaint by a health care provider to the Health Care Network.

Issues

1. Did the Requestor obtain an out-of-network referral from the injured employee's treating doctor that was approved by the network pursuant to §1305.103?
2. Is this dispute eligible for medical fee dispute resolution pursuant to 28 TAC §133.307?

Findings

1. The requestor filed this medical fee dispute to the Division asking for resolution pursuant to 28 TAC (TAC) §133.307 titled *MDR of Fee Disputes*. The authority of the Division of Workers' Compensation is to apply TLC statutes and rules, including 28 TAC §133.307, is limited to the conditions outlined in the applicable portions of the TIC, Chapter 1305. TIC §1305.153 (c) provides that "Out-of-network providers who provide care as described by §1305.006 shall be reimbursed as provided by the Texas Workers' Compensation Act and applicable rules of the commissioner of workers' compensation."

TIC §1305.006 states, in pertinent part, "(3) health care provided by an out-of-network provider pursuant to a referral from the injured employee's treating doctor that has been approved by the network pursuant to §1305.103."

The requestor therefore has the burden to prove that the condition(s) outlined in the TIC §1305.006 were met to be eligible for dispute resolution. The following are the Division's findings.

The requestor submitted a copy of a CCH Decision & Order dated, August 6, 2018 to support their position. The DWC records reveal that the CCH Decision & Order dated, August 6, 2018 was appealed and subsequently reversed and rendered by striking. See Appeal No. 182018 at <http://www.tdi.texas.gov/appeals/2018cases/182018r.pdf>.

TIC §1305.103 requires that "(e) A treating doctor shall provide health care to the employee for the employee's compensable injury and shall make referrals to other network providers, or request referrals to out-of-network providers if medically necessary services are not available within the network. Referrals to out-of-network providers must be approved by the network. The network shall approve a referral to an out-of-network provider not later than the seventh day after the date on which the referral is requested, or sooner if circumstances and the condition of the employee require expedited approval. If the network denies the referral request, the employee may appeal the decision through the network's complaint process under Subchapter I."

2. The DWC finds that the requestor has the burden to prove that it obtained the appropriate approved out-of-network referral for the out-of-network healthcare it provided. Review of the submitted documentation finds that the requestor submitted insufficient documentation to support that a referral was obtained from the treating doctor and approved by the network to treat the injured employee. The Division concludes that the requestor thereby has failed to meet the requirements of TIC §1305.103.

The Division finds that the requestor failed to prove in this case that that the requirements of TIC §1305.006(3) were met. Consequently, the services in dispute are not eligible for medical fee dispute resolution pursuant to 28 TAC §133.307.

The TDI rules at 28 TAC §§10.120 through 10.122 address the submission of a complaint by a health care provider to the Health Care Network. The Division finds that the disputed may be filed to the Texas Department of Insurance's (TDI) Complaint Resolution Process, if the health care provider or facility is dissatisfied with the outcome of the network complaint process. The complaint process outlined in TIC Subchapter I, §1305.401 - §1305.405 may be the appropriate administrative remedy to address fee matters related to health care certified networks.

FINDINGS

Based upon the documentation submitted by the parties and in accordance with the provisions of TLC §413.031, the Division has determined that the requestor is not eligible for Medical Fee Dispute Resolution under 28 TAC §133.307.
