SUMMARY OF FINDINGS

Dates of Service	Disputed Services	Amount in Dispute	Amount Due
September 12, 2018	Tizanidine, Diclofenac Sodium, Acetaminophen/Cod	\$376.25	\$255.13

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.503 sets out the reimbursement guidelines for pharmacy services.
3. No explanation of benefits was submitted by either party in this dispute.

Issues

1. Is the respondent’s position supported?
2. What rule is applicable to reimbursement?
3. Is the requestor entitled to additional reimbursement?

Findings

1. The insurance carrier states in their position, “The Extent of Injury/Relatedness Dispute is unresolved.”

28 TAC 133.307 (2) (F) states the response shall address only those denial reasons presented to the requestor prior to the date the request for MFDR was filed with the division and the other party. Any new denial reasons or defenses raised shall not be considered in the review.

Review of the submitted documentation found no explanation of benefits that raised extent of injury or relatedness.

Based on the above the respondent’s position will not be considered in this review.

2. 28 TAC 134.503 (c) (1) (A) (B) states the insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed.
 - Generic drugs: ((AWP per unit) x (number of units) x 1.25) + \$4.00 dispensing fee per prescription = reimbursement amount;
 - Brand name drugs: ((AWP per unit) x (number of units) x 1.09) + \$4.00 dispensing fee per prescription = reimbursement amount;

Calculation of the fee based on the above is found below.

Medication	NDC	Units	AWP	MAR	Billed amount
Tizanidine HCL	29300016910	90	\$1.47	\$1.47 x 90 x 1.25 = \$165.38	\$189.37
Diclofenac Sodium	65162083366	100	\$.55	\$.55 x 100 x 1.25 = \$68.75	\$112.32
Acetaminophen/COD	00093015010	60	\$.28	\$.28 x 60 x 1.25 = \$21.00	\$74.56
				Total \$255.13	\$376.25

3. Per the stated rule above, the lesser amount of \$255.13 is recommended.

Conclusion

For the reasons stated above, DWC finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$255.13.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), DWC has determined the requestor is entitled to additional reimbursement for the disputed services. DWC hereby ORDERS the respondent to remit to the requestor \$255.13, plus applicable accrued interest per 28 TAC §134.130 due within 30 days of receipt of this order.
