FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.250 sets out the fee guidelines for examinations to determine maximum medical improvement and impairment rating.
3. The documents submitted to the DWC do not include explanations of benefits.

Issues

1. Did Federal Insurance Company respond to the medical fee dispute?
2. Did Federal Insurance Company take final action on the bill for the examination in question prior to the request for medical fee dispute resolution (MFDR)?
3. Is Casa View Chiropractic Clinic entitled to reimbursement for the examination in question?

Findings

1. The Austin insurance carrier representative for Federal Insurance Company is Downs Stanford, PC. The representative received the copy of this medical fee dispute on January 22, 2020. If the DWC does not receive the response within 14 calendar days of the dispute notification, then the DWC may base its decision on the available information.[1]

   As of today, no response has been received from the insurance carrier or its representative. We will base this decision on the information available.

2. Casa View Chiropractic Clinic is seeking reimbursement of $500.00 for an examination to determine maximum medical improvement (MMI) and impairment rating. Casa View Chiropractic Clinic argued that it had not received payment or an explanation of denial for medical bills submitted for the examination in question.

   The insurance carrier is required to take final action by paying, reducing, or denying the service in question not later than 45 days after receiving the medical bill. This deadline is not extended by a request for additional information.[2]

   The greater weight of evidence presented to the DWC supports that a complete bill for the services in question was received by the insurance carrier or its agent. No evidence was provided to support that the insurance carrier took final action on the bill for the service in question.

3. Because the insurance carrier failed to support that it paid or denied the examination in question, Casa View Chiropractic Clinic is entitled to reimbursement.

   The submitted documentation supports that Gilbert Blackwell, D.C. performed an evaluation of maximum medical improvement. The maximum allowable reimbursement (MAR) for this examination is $350.00.[3]

   Review of the submitted documentation finds that Dr. Blackwell performed an impairment rating evaluation of spine. The MAR for the evaluation of a musculoskeletal body area determined using the DRE method is $150.00.[4]

   The total allowable amount for the examination in question is $500.00. This amount is recommended.

Conclusion

For the reasons stated above, the DWC finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is $500.00.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the DWC has determined the requestor is entitled to additional reimbursement for the disputed services.
The DWC hereby ORDERS the respondent to remit to the requestor $500.00, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
