Issues

What rule(s) apply to disputed services?

Findings

The requestor is seeking reimbursement for oral medication dispensed September 24, 2019. The insurance carrier’s denial based on documentation was not upheld. The service in dispute will be reviewed per applicable fee guideline.

28 Texas Administrative Code §134.503 (c) states the insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:

- Generic drugs: ((AWP per unit) x (number of units) x 1.25) + \$4.00 dispensing fee per prescription = reimbursement amount;
- Brand name drugs: ((AWP per unit) x (number of units) x 1.09) + \$4.00 dispensing fee per prescription = reimbursement amount;

Drug	NDC	Generic(G) /Brand(B)	Price /Unit	Units Billed	AWP Formula	Billed Amt	Lesser of AWP and Billed
Meloxicam 15mg	29300012510	G	\$4.85	30	$\$4.85 \times 1.25 \times 30 =$ \$181.88	\$202.85	\$181.88

The total reimbursement is \$181.88. The insurance carrier provided evidence of a payment in the amount of \$185.90. No additional payment is due.

Conclusion

The outcome of each independent medical fee dispute relies upon the relevant evidence presented by the requestor and the respondent at the time of adjudication. Though all the evidence in this dispute may not have been discussed, it was considered.

For the reasons above the requestor has not established payment is due. As a result, the amount ordered is \$0.00.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031, the division hereby determines the requestor is entitled to \$0.00 additional reimbursement for the services in dispute.
