FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Background

- 28 Texas Administrative Code §133.210 sets out the requirements for medical documentation.
- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
- The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - CAC-16 – Claim/service lacks information or has submission/billing error(s) which is needed for adjudication.
 - 225 – The submitted documentation does not support the service being billed. We will re-evaluate this upon receipt of clarifying information.

Issues

1. Is the insurance carrier's denial of payment based on billing errors supported?
2. Is the insurance carrier's denial of payment based on lack of documentation supported?
3. Is Memorial Compounding Rx (Memorial) entitled to additional reimbursement?

Findings

1. Memorial is seeking reimbursement for Cyanocobalamin 1,000 mcg/ml dispensed on November 13, 2019. Texas Mutual Insurance Company denied the drug, in part, based on billing errors. The documentation submitted does not support the insurance carrier's denial of payment for this reason.
2. Texas Mutual Insurance Company also denied the disputed drug based on a lack of documentation. The DWC does not require documentation to be submitted with pharmaceutical services. If an insurance carrier needs additional information to process a medical bill, it may submit a request to the health care provider. The request must:¹
 - Be in writing;
 - Be specific to the bill or the bill's related episode of care;
 - Describe with specificity the information to be included in the response;
 - Be relevant and necessary for the resolution of the bill;
 - Be for information that is contained in or in the process of being incorporated into the injured employee's medical or billing record maintained by the health care provider;
 - the specific reason for the insurance carrier's request for the information; and
 - include a copy of the medical bill in question.

The DWC did not receive evidence that the insurance carrier submitted a request for additional documentation as described above. Texas Mutual Insurance Company's denial of payment for this reason is not supported.

3. Because the insurance carrier failed to support its denial of payment for the disputed drug, Memorial is entitled to reimbursement.

The reimbursement considered in this dispute is calculated as follows²:

- Cyanocobalamin 1,000 mcg/ml: $(8.4952 \times 1 \times 1.25) + \$4.00 = \$14.62$

The total allowable reimbursement is \$14.62. This amount is recommended.

Conclusion

For the reasons stated above, the DWC finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$14.62.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the DWC has determined the requestor is entitled to additional reimbursement for the disputed services. The DWC hereby ORDERS the respondent to remit to the requestor \$14.62, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
