### SUMMARY OF FINDINGS

Dates of Service	Disputed Services	Amount in Dispute	Amount Due
October 11, 2019	Tizanidine, Meloxicam	\$392.22	\$346.53

### FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

#### **Background**

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
- The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
  - Prior authorization required to process this bill

**Issues**

1. Is the insurance carrier’s denial supported?
2. What rule(s) apply to disputed services?

**Findings**

1. The requestor is seeking reimbursement for oral medication dispensed October 11, 2019. The insurance carrier’s previous denial based on lack of preauthorization.

Review of the 28 §TAC 530 (b) states in pertinent part that prior authorization is required for drugs identified as a “N” drug in the ODG/Appendix A, a compounded medication or a medication considered investigational and experimental.

Review of Appendix A found none of the oral medication are identified as a “N” drug. The insurance carrier’s denial is not supported. The service in dispute will be reviewed per applicable fee guideline.

2. 28 Texas Administrative Code §134.503 (c) states the insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:
  - Generic drugs:  $((\text{AWP per unit}) \times (\text{number of units}) \times 1.25) + \$4.00$  dispensing fee per prescription = reimbursement amount;
  - Brand name drugs:  $((\text{AWP per unit}) \times (\text{number of units}) \times 1.09) + \$4.00$  dispensing fee per prescription = reimbursement amount;

Drug	NDC	Generic(G) /Brand(B)	Price /Unit	Units Billed	AWP Formula	Billed Amt	Lesser of AWP and Billed
Tizanidine	29300016910	G	\$1.465	90	\$164.84	\$189.37	\$164.84
Meloxicam	29300012510	G	\$4.845	30	\$181.69	\$202.85	\$181.69
						Total	\$346.53

The total reimbursement is \$346.53. This amount is recommended.

**Conclusion**

The outcome of each independent medical fee dispute relies upon the relevant evidence presented by the requestor and the respondent at the time of adjudication. Though all the evidence in this dispute may not have been discussed, it was considered.

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$346.53.

***ORDER***

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$346.53, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
