FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.203 sets out the fee guidelines for professional services.
3. 28 Texas Administrative Code §134.235 sets out the fee guidelines for examinations to determine the extent of a compensable injury.
4. The documentation submitted to the DWC does not include explanations of benefits.

Issues

1. Did Insurance Company of the State of PA respond to the medical fee dispute?
2. Did Insurance Company of the State of PA take final action on the bill for the service in question prior to the request for medical fee dispute resolution (MFDR)?
3. Is Pacific Billing entitled to reimbursement for the examination in question?

Findings

1. The Austin insurance carrier representative for Insurance Company of the State of PA is Flahive, Ogden & Latson. The representative received the copy of this medical fee dispute on February 13, 2020. If the DWC does not receive the response within 14 calendar days of the dispute notification, then the DWC may base its decision on the available information.¹

As of today, no response has been received from the insurance carrier or its representative. We will base this decision on the information available.

2. Pacific Billing is seeking reimbursement for a designated doctor examination to determine the extent of the compensable injury.

Pacific Billing argued that it had not received payment for medical bills submitted for the examination in question. Flahive, Ogden & Latson, on behalf of the insurance carrier, failed to present any argument for lack of payment.

The insurance carrier is required to take final action by paying, reducing, or denying the service in question not later than 45 days after receiving the medical bill. This deadline is not extended by a request for additional information.²

The greater weight of evidence presented to the DWC supports that a complete bill for the services in question was received by the insurance carrier or its agent. No evidence was provided to support that the insurance carrier took final action on the bill for the service in question.

3. Because Insurance Company of the State of PA failed to support non-payment of the disputed examination, Pacific Billing is entitled to reimbursement.

The submitted documentation indicates that Allyson Parrish, D.C. performed an examination to determine the extent of the compensable injury. Reimbursement is \$500.00 and includes DWC-required reports. Testing required for the determination is reimbursed in addition to the examination fee.³

The submitted documentation supports that Dr. Parrish performed muscle testing, as represented by procedure code 95831, for the right and left knees. Health care providers that perform medical services in an office setting apply the Medicare payment policies with minimal modifications.⁴

The Medicare fee is the sum of the geographically adjusted work, practice expense and malpractice values multiplied by the conversion factor. The MAR is calculated by substituting the division conversion factor. The division conversion factor for 2019 is \$59.19. The MAR for CPT code 95831, two units, is \$102.85.

The total amount payable for the examination in question is \$602.85. Pacific Billing is seeking \$580.48. This amount is recommended.

Conclusion

For the reasons stated above, the DWC finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$580.48.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the DWC has determined the requestor is entitled to additional reimbursement for the disputed services. The DWC hereby ORDERS the respondent to remit to the requestor \$580.48, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
