FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.403 sets out the reimbursement guidelines for outpatient hospital services.
3. 28 Texas Administrative Code §134.203 sets out the reimbursement guidelines for professional medical services.
4. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - P12 – Workers' compensation jurisdictional fee schedule adjustment

Issues

1. Is the carrier's reduction of payment supported?
2. Is the requestor entitled to additional reimbursement?

Findings

1. The requestor is seeking additional reimbursement for outpatient therapy services performed in May 2019. The carrier reduced the allowed amount based on the workers compensation fee schedule.

28 TAC 134.403 applies to outpatient hospital services. Section (h) requires when Medicare reimburses using other Medicare fee schedules, reimbursement is made using the applicable Division Fee Guideline in effect for that service on the date was provided.

The applicable DWC fee guideline for physical therapy is 28 TAC §134.203 (b) (1) which requires the application of Medicare payment policies applicable to professional services.

The applicable Medicare payment policy is titled multiple procedure payment reduction (MPPR) and applies to the Practice Expense (PE) of certain time-based physical therapy codes when more than one unit or procedure is provided to the same patient on the same day.

The MPPR policy allows for full payment for the unit or procedure with the highest Practice Expense (PE) payment factor and for subsequent units the Practice Expense (PE) payment factor is reduced by 50 percent.

Review of the submitted medical bill provided indicates that three procedures were billed by the health care provider. In order to determine the MPPR allowable, the services provided are ranked by their PE expense shown below.

| Code | Practice Expense | Allowed Amount | Medicare Policy |
|-------|------------------|----------------|-----------------|
| 97110 | 0.4 | \$23.55 | MPPR applies |
| 97530 | 0.67 | \$39.08 | No MPPR |
| 97112 | 0.47 | \$26.54 | MPPR applies |

The *MPPR Rate File* that contains the payments for 2019 services is found at <https://www.cms.gov/Medicare/Billing/TherapyServices/index.html>.

- MPPR rates are published by carrier and locality.
- The services were provided in Edinburg, Texas.
- The carrier code for Texas is 4412 and the locality code for Edinburg is 99.

The following formula represents the calculation of the DWC MAR at §134.203 (c)(1) & (2).

$$(DWC \text{ Conversion Factor} \div Medicare \text{ Conversion Factor}) \times Medicare \text{ Payment} = MAR$$

Applicable 28 TAC 134.203(h) states that the total reimbursement is the lesser of the maximum allowable reimbursement (MAR) and the billed amount.

| Date of Service | Code | Units | Medicare Payment | DWC Conversion Factor divided by Medicare Conversion Factor or $59.19 \div 36.0391 = 1.64$ | Billed Amount | Lesser of MAR and billed amount |
|-----------------|-------|-------|------------------|--|---------------|---------------------------------|

Conclusion

In resolving disputes over reimbursement for medically necessary health care to treat a compensable injury, the role of DWC is to adjudicate payment following Texas laws and DWC rules. The findings in this decision are based on the evidence available at the time of review. Even though not all the evidence was discussed, it was considered.

For the reasons above the requestor has not established payment is due. The amount ordered is \$0.00.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031, the division hereby determines the requestor is entitled to \$0.00 additional reimbursement for the services in dispute.
