FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.250 sets out the fee guidelines for examinations to determine maximum medical improvement and impairment rating.
3. The submitted documents did not include explanations of benefits.

Issues

1. Did Tarrant County Hospital District respond to the medical fee dispute?
2. Did Tarrant County Hospital District take final action on the bill for the service in question prior to the request for medical fee dispute resolution (MFDR)?
3. Is Dustin Ferrell, D.C. entitled to reimbursement for the examination in question?

Findings

1. The Austin carrier representative for Tarrant County Hospital District is Flahive Ogden & Latson. The representative was notified of this medical fee dispute on May 12, 2020. If the DWC does not receive the response within 14 calendar days of the dispute notification, then the DWC may base its decision on the available information.¹

As of today, no response has been received from the insurance carrier or its representative. We will base this decision on the information available.

2. Dr. Ferrell is seeking reimbursement for a designated doctor examination to determine maximum medical improvement (MMI) and impairment rating. The requestor argued that he had not received payment or an explanation of denial for medical bills submitted for the examination in question.

The insurance carrier is required to take final action by paying, reducing, or denying the service in question not later than 45 days after receiving the medical bill. This deadline is not extended by a request for additional information.²

The greater weight of evidence presented to the DWC supports that a complete bill for the services in question was received by the insurance carrier or its agent. No evidence was provided to support that the insurance carrier took final action on the bill for the service in question.

3. Because the insurance carrier failed to raise any denial reason for the services in question, Dr. Ferrell is entitled to reimbursement.

The submitted documentation supports that Dr. Ferrell performed an evaluation of maximum medical improvement as ordered by the DWC. The maximum allowable reimbursement (MAR) for this examination is \$350.00.³

The submitted documentation supports that Dr. Ferrell provided an impairment rating, which included a musculoskeletal body area, performing a full physical evaluation with range of motion of the right shoulder. Reimbursement is \$300.00 for the first musculoskeletal body area if a full physical evaluation with range of motion is performed.⁴

The total allowable reimbursement for the examination in question is \$650.00. This amount is recommended.

Conclusion

For the reasons stated above, the DWC finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$650.00.

³ 28 TAC §134.250(3)(C)

⁴ 28 TAC §134.250(4)(C)(ii)(II)(-a-)

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the DWC has determined the requestor is entitled to additional reimbursement for the disputed services. The DWC hereby ORDERS the respondent to remit to the requestor \$650.00, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
