FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §133.20 sets out requirements of medical bill submission.
- Texas Labor Code 408.0272 sets out the workers compensation timely billing and exceptions guidelines.
- The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - 29 – The time limit for filing has expired

Issues

- 1. Are the insurance carrier’s reasons for denial or reduction of payment supported?

Findings

- 1. The requestor is seeking \$397.42 for emergency room services rendered June 22, 2019. The insurance carrier denied disputed services as the time limit for filing has expired.

The requestor states, “Our notes showing that BCBS requested a refund on 3/4/20 should restart our timely filing deadline...”

28 TAC §133.20 (b) states in pertinent part except as provided in Labor Code §408.0272(b), (c) or (d), a health care provider shall not submit a medical bill later than the 95th day after the date the services are provided.

Texas Labor Code 408.0272. (b) states in pertinent part, Notwithstanding Section 408.0272, a health care provider who fails to timely submit a claim for payment to the insurance carrier under Section 408.0272(a) does not forfeit the provider's right to reimbursement for that claim for payment solely for failure to submit a timely claim if:

(1) the provider submits proof satisfactory to the commissioner that the provider, within the period prescribed by Section 408.027(a), erroneously filed for reimbursement with:

- (A) an insurer that issues a policy of group accident and health insurance under which the injured employee is a covered insured;
- (B) a health maintenance organization that issues an evidence of coverage under which the injured employee is a covered enrollee; or
- (C) a workers' compensation insurance carrier other than the insurance carrier liable for the payment of benefits under this title;

Review of the submitted documentation found an explanation of benefits from BC/BS dated July 10, 2019. However only the requestor’s internal “notes” was found to support any further action from BC/BS.

The requestor’s note are insufficient evidence to support one of the exceptions found above. The insurance carrier’s denial is supported.

Conclusion

In resolving disputes over reimbursement for medically necessary health care to treat a compensable injury, the role of DWC is to adjudicate payment following Texas laws and DWC rules. The findings in this decision are based on the evidence available at the time of review. Even though not all the evidence was discussed, it was considered.

For the reasons above the requestor has not established payment is due. As a result, the amount ordered is \$0.00.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031, the division hereby determines the requestor is entitled to \$0.00 additional reimbursement for the services in dispute.
