Requestor's Position Summary: None submitted.

Amount in Dispute: \$60.10

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "The date of service in dispute was processed in accordance with Texas Workers' Compensation Guidelines, 28 TAC §134.403, §134.203 (c).

Response Submitted by: The Hartford

SUMMARY OF FINDINGS

Dates of Service	Disputed Services	Amount in Dispute	Amount Due
April 7, 2020	Outpatient Hospital Services	\$60.10	\$59.96

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.403 sets out the reimbursement guidelines for outpatient hospital services.
- The insurance carrier reduced or denied the payment for the disputed services with the following claim adjustment codes:
 - 97 – Payment adjusted because the benefit for this service is included in the payment allowance for another service/procedure that has already been adjudicated
 - 193 – Original payment decision is being maintained. Upon review it was determined that this claim was processed properly
 - P12 – Workers' compensation jurisdictional fee schedule adjustment

- 4097 – Paid per fee schedule; charge adjusted because statute dictates allowance is greater than providers charge

Issues

1. What is the applicable rule for determining reimbursement for the disputed services?
2. Is the requestor entitled to additional reimbursement?

Findings

1. The requestor is seeking additional reimbursement in the amount \$60..10 for outpatient hospital services rendered on April 7, 2020. The insurance carrier reduced the disputed services based on bundling and workers compensation fee schedule.

28 TAC §134.403 (d) requires Texas workers' compensation system participants when coding, billing, reporting and reimbursement to apply Medicare payment policies in effect on the date of service.

The Medicare payment policy applicable to the services in dispute is found at www.cms.gov, Claims processing Manual, Chapter 4, Section 10.1.1. Specifically, Payment Status Indicators and Ambulatory Payment Category (APC).

28 TAC 134.403 (f) states in pertinent part the reimbursement calculation used for establishing the MAR shall be the Medicare facility specific amount including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Inpatient Prospective Payment System (IPPS) reimbursement formula and factors as published annually in the *Federal Register*. The sum of the Medicare facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by 143 percent when a separate request for implant reimbursement is not made and 108 percent when separate reimbursement for implants is made.

The Medicare facility specific amount is calculated when the APC payment rate is multiplied by 60% to determine the labor portion. This amount is multiplied by the facility wage index for the date of service. The non-labor amount is determined when the APC payment rate is multiplied by 40%. The sum of the labor portion multiplied by the facility wage index and the non-labor portion determines the Medicare specific amount.

Review of the submitted medical bill and the applicable fee guidelines referenced above is shown below.

- Procedure code 11760 has status indicator T, for procedures subject to multiple-procedure reduction. The highest paying status T unit is paid at 100%; all others at 50%. This code is paid at 50%.
This code is assigned APC 5053. The OPSS Addendum A rate is \$497.02. This is multiplied by 60% for an unadjusted labor amount of \$298.21, in turn multiplied by facility wage index 1.0021 for an adjusted labor amount of \$298.84. The non-labor portion is 40% of the APC rate, or \$198.81. The sum of the labor and non-labor portions is \$497.65.
The Medicare facility specific amount (including multiple-procedure reduction) is \$248.83. This is multiplied by 200% for a MAR of \$497.66.
- Procedure code 13160 is the highest paying status T unit. This code is paid at 100%. This code is assigned APC 5054. The OPSS Addendum A rate is \$1,622.74. This is multiplied by 60% for an unadjusted labor amount of \$973.64, in turn multiplied by facility wage index 1.0021 for an adjusted labor amount of \$975.68. The non-labor portion is 40% of the APC rate, or \$649.10. The sum of the labor and non-labor portions is \$1,624.78.
The Medicare facility specific amount is \$1,624.78. This is multiplied by 200% for a MAR of \$3,249.56.
- Procedure code J1100 has status indicator N reimbursement is included with payment for the primary services.
- Procedure code J1885 has status indicator N reimbursement is included with payment for the primary services.

- Procedure code J2250 has status indicator N reimbursement is included with payment for the primary services.
 - Procedure code J3010 has status indicator N reimbursement is included with payment for the primary services.
2. The total recommended reimbursement for the disputed services is \$3,747.22. The insurance carrier paid \$3,687.26. The amount due is \$59.96. This amount is recommended.

Conclusion

In resolving disputes over reimbursement for medically necessary health care to treat a compensable injury, the role of DWC is to adjudicate payment following Texas laws and DWC rules. The findings in this decision are based on the evidence available at the time of review. Even though not all the evidence was discussed, it was considered.

For the reasons above the requestor has established payment is due. As a result, the amount ordered is \$59.96

ORDER

In accordance with Texas Labor Code Section 413.031 and 413.019 (if applicable) and based on the submitted information, DWC finds the requestor is entitled to additional reimbursement. DWC hereby ORDERS the respondent to remit to the requestor \$59.96, plus accrued interest per Rule §134.130, due within 30 days of receipt of this order.
