FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation (DWC).

Background

- 28 Texas Administrative Code §133.240 sets out the procedures for payment or denial of a medical bill.
- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.235 sets out the fee guidelines for examinations to determine the extent of the compensable injury.
- The submitted documentation does not included explanations of benefits.

Issues

1. Did North East Independent School District respond to the medical fee dispute?
2. Did North East Independent School District take final action on the bill for the service in question prior to the request for medical fee dispute resolution (MFDR)?
3. Is Medical Evaluators of Texas entitled to reimbursement for the examination in question?

Findings

1. The Austin carrier representative for North East Independent School District is Christopher Ameel, Attorney at Law. The representative was notified of this medical fee dispute on June 30, 2020. If the DWC does not receive the response within 14 calendar days of the dispute notification, then the DWC may base its decision on the available information.¹

As of today, no response has been received from the insurance carrier or its representative. We will base this decision on the information available.

2. Medical Evaluators of Texas is seeking reimbursement for a designated doctor examination to determine the extent of the compensable injury. The requestor argued that it had not received payment or an explanation of denial for medical bills submitted for the examination in question.

The insurance carrier is required to take final action by paying, reducing, or denying the service in question not later than 45 days after receiving the medical bill. This deadline is not extended by a request for additional information.²

The greater weight of evidence presented to the DWC supports that a complete bill for the services in question was received by the insurance carrier or its agent. No evidence was provided to support that the insurance carrier took final action on the bill for the service in question.

3. Because the insurance carrier failed to present any reason for denial of the services in question, Medical Evaluators of Texas is entitled to reimbursement.

The submitted documentation indicates that Carlton Smith, M.D. performed an examination to determine the extent of the compensable injury. The MAR for this examination is \$500.00.³ This amount is recommended.

Conclusion

For the reasons stated above, the DWC finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$500.00.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the DWC has determined the requestor is entitled to additional reimbursement for the disputed services. The DWC hereby ORDERS the respondent to remit to the requestor \$500.00, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
