FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §133.2 defines emergency.
3. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
   - 899- Documentation and file review does not support an emergency in accordance with Rule 133.2
   - 193 – Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly

Issues

Is the insurance carrier's denial of payment supported?

Findings

The requestor is seeking reimbursement of $1,047.36 for outpatient hospital emergency room services rendered in August 2019. The insurance carrier denied the services stating the submitted documentation does not support an emergency.

The DWC rule that defines emergency is found in 28 TAC 133.2 and states in pertinent part, a medical emergency is the sudden onset of a medical condition manifested by acute symptoms of sufficient severity, including severe pain, that the absence of immediate medical attention could reasonably be expected to result in placing the patient's health or bodily functions in serious jeopardy, or serious dysfunction of any body organ or part.

The documentation submitted by the requestor included the emergency room provider notes that indicates the patient presented with right knee pain that started the night before and is mild in severity.

Based on the above the pain was not sudden in the onset nor was it severe.

The insurance carrier's denial is supported. No additional payment is recommended.

Conclusion

In resolving disputes over reimbursement for medically necessary health care to treat a compensable injury, the role of DWC is to adjudicate payment following Texas laws and DWC rules. The findings in this decision are based on the evidence available at the time of review. Even though not all the evidence was discussed, it was considered.

For the reasons above the requestor has not established payment is due. As a result, the amount ordered is $0.00.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031, the division hereby determines the requestor is entitled to $0.00 additional reimbursement for the services in dispute.
